INTRODUCTION.

THE LONDON SCHOOL OF ECONOMICS AND POLITICAL SCIENCE, founded in October, 1895, is a School of the University of London in the Faculties of Economics and Laws and in the Faculty of Arts for certain subjects only. Students registered as Internal Students of the University, with a view to proceeding to the degrees of Bachelor of Science in Economics (B.Sc.Econ.), Bachelor of Commerce (B.Com.), Bachelor of Laws (LL.B.), and Bachelor of Arts (B.A.), or to Higher Degrees, such as M.A., Ph.D., M.Sc. (Econ.), LL.M., LL.D., D.Sc. (Econ.) or D.Lit., in the Faculties of Economics, Laws and Arts.

The lectures and classes at the School are open also to those who have not matriculated and do not wish to pursue a full University course—in particular to those engaged in banking, accounting, railway and other transport, commerce and industry, to civil servants and municipal officials, to teachers, and to those engaged in or qualifying for social work. To all these the School affords, by day or evening, the opportunity of specialised or advanced study on particular topics.

The School offers special facilities for post-graduate research, under the supervision of professors or otherwise, and the British Library of Political Science, which is maintained by the School, is open not only to those who are taking courses at the School, but, by permission of the Director, to any person desiring to utilise it for research or consultation. The Fry Library of International Law is housed at the School.

In the Faculty of Economics the School provides complete Pass and Honours Courses for the degree of B.Sc. (Econ.). It provides also approved courses of study (as required under Statutes 113 and 129 of the University) and research facilities for students proceeding to the higher degrees of M.Sc., D.Sc., and Ph.D.

In the same Faculty the School provides (apart from modern languages and certain science subjects) a complete course for the recently instituted degree of Bachelor of Commerce (B.Com.). The necessary teaching in modern languages is provided by University College, King's College, and the School of Oriental Studies, and is covered by the inclusive fee.

All the courses necessary for the degrees of B.Sc. (Econ.) and B.Com. are given at hours enabling them to be taken both by day and by evening students. It is possible therefore for those who are occupied by day, and can only devote their evenings to study, to work for these degrees, equally with the day-time students.

In the Faculty of Laws the School co-operates with King's College and University College in providing complete Pass and Honours courses for the degree of LL.B., and students registered at any of the three colleges have access to all the necessary lectures wherever given. Students of the School may also proceed to the degrees of LL.M. and LL.D.

In the Faculty of Arts the School registers internal students proceeding to the degree of B.A. only if they contemplate taking Honours in Geography, Sociology, Anthropology, or (from the Session 1924-25) in History, or the Pass Degree with Geography. For students registered for Geography or Sociology it provides, in co-operation with King's College, complete Intermediate and Final courses. For students in this Faculty registered

elsewhere, it provides approved courses in the above-mentioned subjects, and in Economics, History and Logic, for the degree of B.A. Students of the School may also proceed in this Faculty to the degrees of M.A., Ph.D. and D.Litt.

In the Faculty of Science the School provides approved courses in Cultural Anthropology for the degree of B.Sc.

The School provides courses also for a number of University diplomas and School certificates. Among these are:—(i) the University Diploma for Journalism, for which courses are provided, in conjunction with King's College, University College, and Bedford College, students registered at any one School having access to all the necessary courses wherever given; (ii) the Academic Diploma in Sociology and Social Science, and the Certificate in Social Science; (iii) the Academic Diploma in Geography. Detailed information as to the courses for the various degrees, diplomas and certificates is given on pp. 127-190.

The Ratan Tata Foundation for research into social conditions is administered by the School, which maintains, in connection with the Foundation, a department of Social Science and Administration.

There is a special Railway Department to which nearly all the principal Railway Companies contribute and send students.

Under the Revised Regulations for Civil Service Appointments, the courses at the School are well adapted to candidates preparing for the general competitive examination for the administrative grade of the Civil Service, at home and abroad, and arrangements are made for advising students as to their studies for this purpose (pp. 191-198).

A detailed list of the lectures, classes and seminars at the School is given on pp. 43-126. They include courses in the following among other subjects:—Principles of Economics and their application to Social, Industrial and Business Problems; Statistics and Mathematics; Philosophy, Psychology, Logic and Scientific Method; Commerce and Industry, including Foreign Trade, Banking and Currency, Transport, Tariffs, Accountancy and Business Methods; Economic History and Modern Political History; Geography; Commercial, Industrial and Constitutional Law; International Law; Politics and Public Administration; Sociology; Ethnology; Social Science and Administration; English Literature and Composition; and Art in Relation to Commerce.

The School issues, three times a year, a journal "Economica," which, while mainly devoted to the publication of original work by staff and students of the School, also contains papers by other contributors (p. 201).

The London and Cambridge Economic Service of statistics and memoranda bearing on the current economic position is maintained by the School, in co-operation with the University of Cambridge and Harvard University (U.S.A.) (p. 201).

The fees payable to the School include a subscription to the Students' Union, which manages common rooms and a lending library, organises athletic sports, publishes a periodical journal and arranges debates and discussions from time to time. An athletic ground of 20 acres near Malden was purchased by the School in 1921.

The general growth of the School and the institution of the Commerce degree have necessitated a very large increase in the accommodation. The foundation-stone of a new building adjoining the old one was laid by H.M. the King on 28th May, 1920. The first part of the new building became available for occupation in the summer of 1921, and all except one wing has now been completed.

The School is incorporated as a company limited by guarantee and without power of taking profits. It is controlled by a Court of Governors, of which Sir Arthur Steel-Maitland, Bart., M.P., is Chairman, and the Hon. Sir John Cockburn, K.C.M.G., is Vice-Chairman; the Director of the School is Sir William Beveridge, K.C.B. The names of the Governors and of the teaching and administrative staff of the School are given on pp. 9-18. In addition, "Honorary Governors" are elected from time to time (p. 11).

The number of Professors, Readers, Lecturers and Assistants on the staff of the School is 41, while there are 36 other Lecturers taking part in its work.

The total number of students registered during the session 1922-23 was 2,375 (1,766 men and 609 women). Of these 852 were Regular students taking full day or evening courses. There were 403 students from countries other than the British Isles, representing 5 Dominions and 38 foreign countries. Tables showing the detailed classification of students according to courses taken are given on pp. 224 and 225.

The School is open on the same terms to men and to women.

ADMISSION OF STUDENTS AND FEES.

1. Students are classified as Regular, Occasional and Research Students. Regular Students are those paying any of the composition fees set out below for a full course of study, by day or evening; Occasional Students are those who attend one or more separate courses of lectures only; Research Students are those paying the research fee.

2. No person will be admitted as a student under eighteen years of age. Exception is made only for persons who have already matriculated at the University of London after passing the Matriculation Examination, or obtaining exemption from it.

3. No student will be admitted to any course until he has paid the requisite fees. All cheques should be made payable to the "London School of Economics and Political Science," and crossed "The Westminster Bank, Ltd." No fees are returnable.

4. Admission to the School implies an undertaking by the student to observe the rules made from time to time by the Director. Attention is called to the following rules in particular:

(a) The name and address of the School may not, without express authority from the Director or the Secretary, be used on printed matter for circulation or otherwise for business or propaganda purposes.

(b) All lectures given in the School are copyright; notes of lectures may be used only for purposes of private study and may not be reproduced for teaching or similar purposes.

REGULAR STUDENTS.

5. Unless specially exempted by the Director, persons are admitted as Regular Students only after they have been seen, and their application approved, by an Adviser of Studies.

6. A person desiring to enter the School as a Regular Student at the opening of any session may be enrolled in advance at any time between May 1st and July 31st preceding the opening of the session, and will have a place reserved for him on payment of £5 as a non-returnable deposit on account of the requisite fees. The balance of the fees must be paid in the fortnight before the opening of the Session.

7. Unless so enrolled in advance, a person desiring to enter the School as a Regular Student must obtain, at least a fortnight before the opening of the Session, a form of application. In the case of persons living at a distance from London, this form can be obtained by post from the Secretary to the School, but wherever possible the applicant should apply for it in person at the office of the School.

8. The applicant, when he has filled in the first part of the application form, must send it to the Secretary, or bring it in person to the School, accompanied by two personal testimonials from persons known to him. The form should be returned a full fortnight before the opening of the Session. If the form is in order, it will be endorsed

with the name of an Adviser of Studies, and arrangements will be made for the applicant to be interviewed by that Adviser during the fortnight before the opening of the Session. The Advisers of Studies will attend, for the purpose of seeing applicants, at stated hours during this fortnight.

9. If the Adviser is satisfied that the applicant is qualified for admission as a Regular Student, he will settle the details of the course to be followed, assist the applicant to fill in the remainder of the form, and endorse the application as approved by him. The applicant, on paying the requisite fees, will then be admitted as a Regular Student and as a full member of the Students' Union, and will receive a ticket to serve both for admission to lectures and as a ticket of membership of the Union. This ticket must be produced at any time on demand.

10. Persons whose mother-tongue is not English will be admitted as Regular Students for First Degrees only on showing sufficient proficiency in English. For this purpose they will be required to attend an examination to be held at the School on Monday in the week before the opening of the session. On the results of that examination they may either be admitted unconditionally, or be admitted subject to attending special courses in English and paying the requisite additional fee, or be refused admission until they can qualify themselves to pass the examination. Such persons should apply for admission not later than ten days before the opening of the session.

11. Before a student can be registered as a candidate for a first degree (internal) of the University of London (*e.g.*, B.Sc. (Econ.), B.Com., LL.B., B.A.), he must either have passed the London Matriculation Examination, or have obtained exemption from it under the provisions of Statute 116. Under the University regulations, however, a student may enter upon a degree course at the opening of a session *before* he has matriculated, and—provided that he becomes a matriculated student not later than the following January—may have his registration antedated to the beginning of that session. Further information as to matriculation requirements may be obtained from the External Registrar, University of London, South Kensington, S.W.7.

12. Students intending to follow a course for a higher degree must produce evidence of their graduation at an approved University, with a degree implying study up to the standard of a first degree in the faculty in which they wish to proceed.

13. The School will not recommend to the University the acceptance of any Student to work for a higher degree at the School under Statute 113, except after consideration of his application by the School Higher Degrees Committee.

14. In order to avoid disappointment, students desiring to come to London from abroad to work for a higher degree under Statute 113

should give notice of their desire and supply full particulars of their qualifications at least five months in advance; that is to say, before the end of April, if they wish to begin their course in the following October.

OCCASIONAL STUDENTS.

15. A person desiring admission as an Occasional Student must obtain a form of application from the Secretary of the School and must return this either personally or by post, and pay the requisite fees if possible before the beginning of the term in which the lecture or class which he wishes to attend begins, and at latest two clear days before the first meeting of that lecture or class.

16. If the application is accepted, the student will, on payment of the fees, receive a ticket of admission for the lectures and classes named thereon and must produce this on demand. The ticket will serve also as a ticket of limited membership of the Students' Union.

RESEARCH STUDENTS.

17. Research Students may be admitted at any time subject to the approval of the Director. The Research Fee entitles the student to attend one seminar and to use the Library and Common Room.

TABLE OF FEES.

NOTE:—(1) The sessional and terminal fees named below must be paid in full in each case before the beginning of the session or term to which they relate.

(2) The Composition Fees include a Students' Union subscription, entitling to full membership and privileges. The Course and Research Fees include a Students' Union subscription giving partial privileges only.

(3) The Composition Fees stated are for teaching, including advice on studies. Additional fees are required for the examinations.

COMPOSITION FEES.

B.Sc. (Econ.) Normal day period, three sessions (p. 133).

Day students: Sessional, £22 1s.; Terminal, £8 8s.

Evening students: Sessional, £14 14s.; Terminal, £5 15s. 6d.

The fees include payment for instruction in French and German. Evening students who were in attendance before the session 1922-23, may continue to pay fees at the old rate of £12 12s. per session or £4 14s. 6d. per term, if they do not need such instruction.

If a course which would normally be taken in one session is spread over two or more sessions, a further fee of £3 3s. must be paid at the beginning of the second and each subsequent session. This further fee does not allow the repetition of a course of lectures already taken, but gives full Union privileges over the new session.

B.Com. Normal day period, three sessions (p. 145).

Day students: Sessional, £22 1s.; Terminal, £8 8s.

Evening students: Sessional, £14 14s.; Terminal £5 15s. 6d.

These fees cover all the subjects for which teaching is available, except in the case of a student taking (1) Art in relation to commerce. For this an extra fee of £5 5s. per session is charged. (2) Any of the science subjects or applied mathematics for the Intermediate Course or two modern languages neither of which is French, German, Italian, Spanish or Russian. In such cases, a reduced Composition Fee of £17 17s. (day) or £11 11s. (evening) is payable, *plus* the fee required for the subject chosen, or for one of the two languages. In respect of French, it will be assumed that students have attained Matriculation standard, and the Composition Fee covers only teaching beyond that standard.

If a course, which by day would normally be taken in one session, is spread over two or more sessions, a further fee of £3 3s. must be paid at the beginning of the second and each subsequent session. This further fee does not allow the repetition of a course of lectures already taken, but gives full Union privileges over the new session.

LL.B. Normal period, three sessions (p. 160).

Sessional, £18 18s.; Terminal, £7 7s.

These fees admit to the LL.B. intercollegiate courses held at the London School of Economics, University College, and King's College. They entitle the student to full Students' Union privileges at the School at which he is registered, and to Common Room privileges at the two other colleges.

***B.A.** Normal period, three sessions (p. 164).

Intermediate and Final Pass.

Day students: Sessional, £31 10s.; Terminal, £11 11s.

Evening students; Sessional, £10; Terminal, £4.

Final Honours.

Day students: Sessional, £35 14s.; Terminal, £12 17s. 6d.

Evening students: Sessional, £21; Terminal, £7 17s. 6d.

*Students are registered at the School for the B.A. degree only if they contemplate taking Honours in *Geography, Sociology, Anthropology*, or (from the Session 1924-25) in *History*, or the Pass Degree in *Geography*. For *Geography* and *Sociology* a complete course is provided under the combined scheme between King's College and the School. The fees stated admit to the necessary lectures at either institution, and entitle the student to Common Room privileges at both King's College and the School of Economics, as well as to full Student Union privileges at the School.

Academic Diploma in Sociology and Social Administration or the Certificate in Social Science and Administration. Normal period, two sessions (pp. 187-188).

Sessional, £22 1s.; Terminal, £8 8s.

Academic Diploma in Geography (p. 188).

Sessional, £18 18s.; Terminal, £7 7s.

If the course is spread over two sessions a further fee of £3 3s. must be paid at the beginning of the second session.

These fees admit also to the necessary lectures at King's College.

Diploma for Journalism. Normal period, two sessions (p. 186).

Sessional, £29 8s.; Terminal, £10 10s.

These fees admit to the necessary lectures at any of the colleges concerned, and entitle the Student to full Students' Union privileges at the School at which he is registered, and to Common Room privileges at the other colleges.

Higher Degrees (pp. 172-186).

The fees for Higher Degrees cover attendance by the student at all such lectures *at the School* as he is advised by his supervising teacher to attend. In cases where he is advised to attend a course given at one of the other institutions of the University, the permission of the Secretary of the School must first be obtained.

M.Sc. (Econ.) D.Sc. (Econ.) M.A. LL.D.	(a)	For students registered under Statutes 113 and 129†:—			
		Prepaid for two sessions	£22	1	0
	(b)	*For Honours graduates of the school:—			
		Prepaid for two sessions	14	14	0
		Paid sessionally	8	8
		Paid sessionally	8	8

Ph.D. (a) For students registered under

Statutes 113 and 129†:—

When taken in two sessions £22 1 0 per session
 „ „ four sessions 11 0 6 „ „

(b) For Honours graduates of the School:—

When taken in two sessions 15 15 0 per session
 „ „ four sessions 7 17 6 „ „

† Statute 113 relates to the admission to higher degrees of graduates of other Universities, and Statute 129 to the admission of graduates of the University of London to higher degrees in a Faculty other than that in which they graduated, or of external students to higher internal degrees.

* Honours graduates of the School, with first degrees in the Faculty of Economics, desiring to proceed to the M.Sc. or D.Sc., may be registered as students of the School, on payment of the Research Fee of £5 5s., entitling them to attend any one seminar to which they are admitted by the teacher, but not to any lectures.

General Composition Fee:—

Day students: Sessional, £22 1s.; Terminal, £8 8s.

Evening students: Sessional, £14 14s.; Terminal, £5 15s. 6d.

This fee covers all lectures and classes at the School other than special tutorial classes.

COURSE AND RESEARCH FEES.

The fee for each separate course is given in the general list of lectures, classes and seminars beginning at page 47.

The Research Fee entitling the student to attend any seminar to which he is admitted by the teacher in charge, or to receive individual guidance from a teacher, is £5 5s. in all cases (p. 199).

Fee:—Sessional, £1 16s. 6d.; Terminal M.T. or L.T., 16s.; S.T., 8s.

Syllabus. This course will deal with the commercial, industrial and agricultural development of Germany, France, Russia and the United States after 1789. The economic after-effects of the French Revolution leading to changes in the status of persons, freedom of movement, and free choice of occupation will be traced. The continental predominance of France up to 1870 in economic matters, the evolution of Germany from a tariff mosaic through the Customs Union into a united Empire and an industrial State of the first rank, the economic transformation of Russia from a mediæval to a modern State, the development of the United States from an agricultural disunited country into a united industrial empire whose wheat exports vitally affected the agricultural development and policy of Europe, will be the main subjects of the lectures. Reference will also be made to the railway and shipping policies and tariff changes of the four Great Powers, while stress will be laid on the varying labour problems of each country and the attempts to deal with them. The English developments of machinery, coal and iron and mechanical transport will only be included in so far as they affect the four other countries in question. They are treated fully as regards England herself in course 114.

Syllabus. Statistical Method (not presupposing a knowledge of Mathematics higher than Matriculation standard). Definitions of data, tabulation, averages, graphic methods, index numbers, etc., illustrated by statistics of production, consumption, trade, prices, wages, etc.

233.—z.—Statistical Method Class, ten classes in connection with No. 232, by Professor BOWLEY, on Wednesdays, at 10 a.m. or 12 noon, Lent and Summer Term, beginning L.T. 27th February, S.T. 30th April. The time will be devoted to practical work.

[For B.Com. Final Part I.]

Fee:—10s.

¶ FOR EVENING STUDENTS similar classes will be held on Tuesdays, at 7 p.m., beginning 26th February.

Fee:—6s. 8d.

234.—z and A.—General Statistics, an elementary course of thirty lectures by Professor BOWLEY, on Mondays, at 11 a.m., beginning M.T. 8th October, L.T. 14th January, S.T. 28th April.

A class will be held in connection with this course in the Michaelmas Term immediately after the lecture, beginning 8th October.

[For B.Sc (Econ.) Final.]

Fee.—Sessional, £3 10s.; M.T., £1 14s.; L.T. or S.T., £1 4s.

¶ FOR EVENING STUDENTS the same course of lectures will be given also on Thursdays, at 6 p.m., beginning 11th October, and will be followed by a class at 7 p.m. in the Michaelmas Term, beginning 11th October.

Fee.—Sessional, £2 6s. 8d.; M.T., £1 5s.; L.T. or S.T., 16s.

NOTE.—Section (a) covers the ground of Part I of the general paper on Statistics and Scientific Method—B.Sc. (Econ.)—both old and new regulations. Section (b) covers the ground of Part II. of the same paper.

(a). **M. and L.T. Elementary Statistical Methods** (Lectures 1-21).

Syllabus. Collection of data, definition and tabulation. Statistical groups; arithmetic average, mode, median, mean and quartile deviation. Statistical series in time; trend and fluctuation. Weighted averages. Index numbers. Simple methods of measuring correlation. Elementary interpolation. Application to statistics of population, production, consumption, commerce, prices, wages, income and capital. The main sources of these statistics, their character and meaning.

(b). **S.T. More Advanced Statistical Methods** (Lectures 22-30).

Syllabus. Elementary mathematical treatment of variation and error, especially in their application to averages, sampling, description of groups and series and correlation, in relation to economic and social investigations. The mathematics involved is of the standard required for the Intermediate B.Sc (Econ.), subject III (a)—Mathematics.

BOOKS RECOMMENDED in connection with course No. 234.—Bowley, *Elements of Statistics*; Bowley, *Elementary Manual of Statistics*; Newsholme, *Vital Statistics*; Elderton, *Primer of Statistics*; Block, *La Statistique*; Bertillon, *Cours Élémentaire de Statistique*; Yule, *Introduction to the Theory of Statistics*; King, *Elements of Statistical Method*; Secrist, *Introduction to Statistical Method*; Chiozza Money, *Riches and Poverty*; Stamp, *British Incomes and Property*; Rowntree, *Poverty—A Study of Town Life*; Ratan Tata Foundation, *Livelihood and Poverty*; *The Statistical Abstract for United Kingdom, Reports of Wage Census of 1906, and of Census of Production of 1907*; *Cost of Living* (Cd. 3864 and 6955); *The Population Census of 1911 and 1921*; *Committee on Cost of Living* (Cd. 8980).

235.†—A.—**Advanced Statistics**, a course of twenty-six lectures by Professor BOWLEY, on Mondays, at 6 p.m., beginning M.T. 8th October, L.T. 14th January, S.T. 28th April.

[For B.Sc. (Econ.) Final—special subject.]

Fee:—Sessional, £2 12s.; Terminal, M.T. or L.T., £1 4s.; S.T., 12s.

This course is in continuation of the elementary lectures, 1922-23, and deals with technical and mathematical statistics from a more advanced point of view.

236.—A.—**Current Statistical Questions**, a course of ten lectures by Professor BOWLEY, on Thursdays, at 5 p.m., in Lent Term, beginning 17th January.

[For B.Sc. (Econ.) Final—special subject.]

Fee —£1.

This course can be taken as a sequel to the first part of No. 234—Elementary Statistical Methods

Syllabus. Prices, wages, income, trade and population, 1880 to 1923.

237.†—A.—**Advanced Mathematics**, a course of twenty-six lectures by Mr. CURWEN, on Fridays, at 6 p.m., beginning M.T. 5th October, L.T. 18th January, S.T. 2nd May.

[For B.Sc. (Econ.) Final—special subject.]

Fee:—Sessional, £2 12s.; Terminal, M.T. or L.T., £1 4s.; S.T. 12s

This course is suitable for advanced students of Statistics and Mathematical Economics. Knowledge of the subjects of the Intermediate B.Sc. (Econ.) syllabus is assumed

Syllabus. Solid Geometry. Calculus. Probability.

238.†—**Statistical Investigation**. Seminar by Professor BOWLEY, on alternate Mondays, at 6 p.m., beginning 8th October.

Open to students paying either the Composition Fee or the Research Fee, after consultation with Professor Bowley

Subject: Statistics of Housing.

N.B.—Reference should also be made to the following course:—

No. 248.—Railway Statistics.

TRANSPORT.

The letter x indicates that the course is a preparation for the Intermediate Examination, z for a Final Pass Examination, and A for a Final Honours Examination.

The sign ¶ indicates a course beginning at 5-30 p.m. or later.

240.—z and A.—**Organisation of Transport**, a course of twenty-six lectures by Mr. STEPHENSON, on Tuesdays, at 10 a.m., beginning M.T. 2nd October, L.T. 15th January, S.T. 29th April.

[For B Com. Final Part I and B Sc (Econ) Final—special subject.]

¶ FOR EVENING STUDENTS the same course will be given on Thursdays, at 7 p.m., beginning 4th October.

Fee.—£4.

Syllabus. **Organisation of Railways. Relation to the State.**—Ownership or Control—the Charter—State requirements for Construction and Operation—limitation of charges. **Relations to one another**—limitation of competition—charges—services—agreements to give more effective service and to utilise equipment better. **Internal Administrative and Executive Organisation.** Railway development within the Empire—Problem of Gauge—Standardisation of Equipment and Rolling-stock.

Organisation of Road Transport. Relation to the State.—The road—The vehicles. **Types of Road Transport**—The Tramway—The Motor-omnibus—The Taxicab—The Goods and Parcels Carrier—Private vehicles. **Roads and Road Transport** as means of opening up Undeveloped Country.

Organisation of Inland Water Transport. Relation to the State.—The Navigable River—The Canalised River—The Canal. **Organisation in relation to each other. Organisation of Traffic Operation.**

Organisation of Sea Transport. State Control of ships and shipping.—Liner Services—Mail Steamers—Cargo Boats—Tramps. **The Shipowner**—The **Shipping Agent**—**Marine Insurance**—**Ports and Docks.** The part played by the British Mercantile Marine in the development of the Empire.

BOOKS RECOMMENDED.—R. MORRIS, *Railroad Administration*; Continental Railway Investigations (*Reports to the Board of Trade*), E. C. CLEVELAND-STEVENS, *English Railways—Their Development and their Relation to the State*, Sir Wm. LANDLEY, *Report on Inland Waterways on the Continent (Report to Royal Commission on Canals)*, Russell Smith, *The Ocean Carrier*, Douglas Owen, *Ports and Docks*.

241.¶—z.—**Economics of Transport**, a course of twenty-six lectures by Mr. STEPHENSON, on Tuesdays, at 6 p.m., beginning M.T. 2nd October, L.T. 15th January, S.T. 29th April.

[For B.Com. Groups C, E, F and H.]

Fee.—£4.

Syllabus. **Railway Transport.** Capital and expenditure. Gross and net receipts. Economics of railway construction and maintenance. Growth of passenger traffic. Passenger fares. Influence on distribution of population. Freight rates and their theory. Rate-making in practice. Influence of production costs on rates. Classification of goods. Special rates. Discrimination. Control of rates by maxima, by Commissions, by State Departments. Competition. Traffic pools. Effects on rates and fares of state ownership, and state guarantees of interest. Influence of railway rates on the distribution of industries.

Road Transport. Economics of road construction and maintenance. Theories of fares and rates. Variations caused by types of Road Transport. Competition. Relation of Road to Railway Transport. Effects of municipal ownership or local government financial aid.

Inland Water Transport. Capital expenditure. State aid. Tolls. Rates. Economics of haulage. Local nature of influence on industry.

Sea Transport. Docks and quays. Co-ordination of rail and water terminal facilities. Port dues. The ship. Economics of marine fuel. Charter party. Bill of Lading Sea-worthiness. Freights on liners and trampers. Agreements to control competition. General navigation laws, and state regulation. Freight-making in coastwise transport. Marine insurance. Average Salvage. The ship canal.

242.—Z.—**Inland Transport.**—An advanced class by Mr. STEPHENSON for students taking Group E in the Final B.Com. at times to be arranged.

243.—Z.—**History of Inland Transport.**—B.Com. students taking Group G must consult Mr. STEPHENSON, who will supervise their reading in this subject.

244.†—A.—**Ships in Relation to their Work**, a course of five lectures by Sir WESTCOTT ABELL, on Wednesdays, at 6 p.m., in the Lent Term, beginning 16th January.

[For B Com, Group F.]

Fee —£1.

Syllabus. The relation between the construction and duty of a ship; Structural features and systems of construction, Sea risks and casualties; Ship measurement and tonnage, Classification requirements, Legislation for free-boards of cargo and passenger vessels, Maintenance, Loading and stability, Problems of propulsion

245.†—Z.—**The Law of Carriage by Railway**, a course of twenty lectures by Mr. BALL, on Tuesdays at 6 p.m., in Michaelmas and Lent Terms, beginning M.T. 2nd October, L.T. 15th January.

[For B Com, Group G.]

Fee —£3.

Students attending these lectures may write essays for the lecturer, and an examination will be held at the end of the course.

I. The Carriage of Goods.—The rights and liabilities of the common carrier. The Carriers Act. The Railway and Canal Traffic Act, 1854. Special contracts of carriage Owner's Risk Notes. The ordinary conditions of a consignment note Stoppage *in transitu*. Through traffic. Rights and liabilities after completion of transit Rates. Recovery of charges. Animals. Passengers' luggage. Reasonable facilities. Undue preference.

II. The Carriage of Persons.—Responsibility for the safety of passengers and others. Negligence and contributory negligence. The contract with the passenger. The 'icket and the time-table. Through tickets. Bye-laws and offences.

BOOK RECOMMENDED.—Disney, *The Law of Carriage by Railway* (Stevens & Sons), 5th ed.

246.—Z.—**Railway Law** (other than Law of Carriage by Railway): B.Com. students taking Group G must consult Professor GUTTERIDGE, who will supervise their reading on this subject.

247.—Z.—**Railway Statistics**, a course of ten lectures by Mr. STEPHENSON, on Thursdays, at 6 p.m., in Lent Term, beginning 17th January.

[For B.Com., Group G.]

Fee:—£2.

N.B.—Students desiring to attend this course should, during the Michaelmas Term, attend the first eleven lectures of Professor BOWLEY's course on General Statistics (No. 234) on Thursdays, at 6 p.m. An examination will be held at the end of the Lent Term, covering the two terms' work. A first-class pass in both parts of this examination counts for the Brunel Medal. Students attending these lectures may write essays for the lecturer.

Syllabus. Distinction between Statistics of the Railway System and purely

Local Statistics. Requirements of the Ministry of Transport. Tons carried; ton-miles; wagon-miles; train-miles; engine-miles and their derivatives. Similar passenger units. The Statistics of the published annual reports; construction and maintenance, operating Statistics of the goods warehouse: the station-yard; the marshalling-yard, the passenger station, the signal-box.

BOOKS RECOMMENDED.—C. P. Mossop, *Railway Operating Statistics*; G. L. Boag, *Manual of Railway Statistics*; T. F. Woodlock, *Anatomy of a Railroad Report*; *Four-weekly Statistics issued by the Ministry of Transport*.

248.—Z.—**Railway Statistics**. Special class for B.Com. students taking Group G. by Mr. STEPHENSON, on Thursdays, at 6 p.m., in the Summer Term, beginning 1st May.

[Admission to this class will be solely by permission of Mr. STEPHENSON.]

249.—Z.—**Commercial Railway Economics**, a course of twenty lectures by Mr. STEPHENSON, on Tuesdays, at 7 p.m., in Michaelmas and Lent Terms, beginning M.T. 2nd October, L.T. 15th January.

[For B.Com. Group G]

Fee:—£3.

Students attending this course may write essays for the lecturer, and an examination will be held at the end of the course

Syllabus. Organisation. Capital and Expenditure. Gross and Net Receipts

Analysis of a Railway Report. Growth of Passenger Traffic. Passenger Fares. Season Tickets. Workmen's Tickets. Excursion Tickets. Goods rates. Theory of Railway Rates. Rate Making in Practice. Maximum rates and charges. Special rates. Discrimination. Classification of Goods. Railway Clearing House. State control of rates. Competition. Traffic Pools. State ownership of Railways. State Guarantees. State Control without Financial Responsibility.

BOOKS RECOMMENDED.—A. T. Hadley, *Railroad Transportation*; W. Z. Ripley, *Railroads: Rates and Regulations*; *Ib.*, *Railway Problems*; T. F. Woodlock, *Anatomy of a Railroad Report*; Sir George S. Gibb, *Railway Nationalisation*; L. G. McPherson, *Railroad Freight Rates*.

250.†—Z.—Operating Railway Economics, a course of twenty lectures by Mr. STEPHENSON, on Fridays, at 6.30 p.m., in Michaelmas and Lent Terms, beginning M.T. 5th October, L.T. 18th January.

[For B.Com., Group G.]

Fee :—£3.

Students attending this course may write e-says for the lecturer, and an examination will be held at the end of the course.

Syllabus. **Organisation.** Train Working.—Including timing trains, arrangement of guards' and enginemens' turns, loads, train control, supervision of actual running. **Signalling.**—The history and general principles of signalling. Single and double line working. **Station, Yard and Warehouse Operating.**—Principles of design. Methods of working and tests of efficiency. **Rolling Stock.**—Relation of tareweight and capacity. Value of interchangeability. Systems of distribution. **Staff**—Grading. Hours. Wages, including bonus systems of payment. Supervision.

BOOKS RECOMMENDED.—W. M. Acworth, *Elements of Railway Economics*; E. R. Johnson, *American Railway Transportation*; M. L. Byers, *Economics of Railway Operation*; E. R. Dewsnap, *Railway Organisation and Working*; S. C. Williams, *Economics of Railway Transport*; H. Raynar Wilson, *Safety of British Railways*; W. H. Mills, *Railway Construction*; W. L. Webb, *Railroad Construction*; *Economics of Railroad Construction*; D. Drummond, *Lectures on the Working of Locomotive Engines*; G. R. Henderson, *Locomotive Operation, Cost of Locomotive Operation*.

251.†—Z.—History of Railways, a course of ten lectures by Mr. PRINGLE, on Thursdays, at 6 p.m., in the Michaelmas Term, beginning 11th October.

Fee :—£2.

[For B. Com., Group G.]

Students attending this course may write essays for the lecturer, and an examination will be held at the end of the course.

Syllabus. Early stages in railway development. Internal problems such as the provision of capital, the relation of independent railway systems to each other, amalgamations and the Clearing House. External problems such as the relation of railways to the State and to other branches of transport, e.g., shipping, expansion of railways in the chief continental countries, the United States and the great food-producing countries.

252.—Seminar for advanced students by Mr. STEPHENSON. Times to be arranged with students. Admission to the Seminar will be exclusively by permission of Mr. Stephenson.

253.†—A.—General Economics, with special reference to Transport, a course of ten lectures by Mr. STEPHENSON, on Fridays, at 5.30 p.m., in Michaelmas Term, beginning 5th October.

Fee :—£2.

Students attending these lectures may write essays for the lecturer, and an examination will be held at the end of the course.

[contd.]

Syllabus. Introduction.—Subject matter of Economics; Methods of Economics, Application to Railways and Shipping. The Demand for Commodities and Services.—Law of Diminishing Utility; Individual and Market Demands; Elasticity of Demand with special reference to Transport services; Joint character of an Individual's Demands. Agents of Production.—Land, Labour, Capital, Organising Power. Law of Decreasing Returns.—Application to Labour; Application to a railway undertaking when the capacity of a line is reached; Overcrowding and Congestion. Law of Increasing Returns.—Economics of large scale production; Growth in Density of Traffic; Development of Subsidiary Industries, *e.g.*, Docks, Hotels, etc., owned by railway company; Limitations to the Law; Joint Products. Industrial Combinations.—Causes of Railway Combinations; Types of permanent combinations, Types of temporary combinations; Associations to further Common Interests, *e.g.*, Railway Clearing House and Railway Conferences; Effects of Railway Combinations on companies outside the combinations and on the General Public; Shipping Rings. Determination of Prices.—Under competitive and monopoly conditions; Definition of value; Market price, long-period and short-period prices, *e.g.*, Class Rates and Special Rates for particular Contracts, Uniform and Differential charges as exemplified by railway rates; Cost of supplying Railway services as a factor influencing their prices; Demand for Railway services as a factor influencing their prices.

254.†—Railway Finance and the State, a course of ten lectures, by Mr. FRINGLE, in the Lent Term, on Fridays, at 5.30 p.m., beginning 18th January.

Fee —£2.

Fee —£2.

Students attending these lectures may write essays for the lecturer and an examination will be held at the end of the course.

Syllabus. General outline of American Railway History. Growth and development of Railway system. State control and federal regulation. Establishment of Interstate Commerce Commission. Growth of Influence of I.C.C. and its regulation of rates and charges. The "Long and Short Haul" Clause. "Discrimination" in America. Trans-continental rates. The opening of the Panama Canal and its effect on American traffic rates. The basis of cost of Service. Tariffs, Scales, and Classification. The Transportation Act of 1920. Grouping and Consolidation of U.S.A. railway systems.

BOOKS RECOMMENDED.—H. G. Brown, *Transportation Rates and their Regulation* (Macmillan); E. R. Johnson and G. G. Huebner, *Railroad Traffic and Rates* (D. Appleton & Co.); W. Z. Ripley, *Railroads Rates and Regulations* (Longman, Green & Co.)

256.†—Control Systems in Railway Working, a course of ten lectures by Mr. BURTT, on Wednesdays, at 7 p.m., in the Lent Term, beginning 16th January.

Fee:—£2.

Students attending these lectures may write essays for the lecturer, and an examination will be held at the end of the course.

Syllabus. The meaning of train control in passenger and goods train operating. Description of control apparatus. Short history of development and extension. Signalman's control the block system. Single line working, interlocking, etc. The yard master. The train master. The district manager or superintendent. The general superintendent's train office. Central control by telephones. Control of locomotive power, the rolling-stock controller; the control of town cartage, Statistical control.

257.†—Problems of Railway Goods Traffic, a course of ten lectures by Mr. BURTT, on Wednesdays, at 6 p.m., in the Michaelmas Term, beginning 3rd October.

Fee —£2.

Students attending these lectures may write essays for the lecturer, and an examination will be held at the end of the course.

Syllabus. The securing of traffic. advertising, canvassing, the commercial agent. The collection and delivery of traffic cartage problems. The forwarding and delivery of traffic: consignment notes, invoicing, sorting and loading. The conveyance of goods traffic varying description of trains, marshalling, transshipping, etc. Station Services and equipment arrangements for handling and loading. The charging of goods traffic, rates and classification. Goods rolling stock; types of wagon for varying classes of traffic, standardisation. Special descriptions of traffic; live stock; dock traffic. Goods department organisation, the goods agent. The Railway Clearing House and its functions.

BOOKS RECOMMENDED —*The Elements of Railway Operating*, H. M. Hallsworth, *The Principal Factors in Freight Train Operating*, P. Burtt, *The Elements of Railway Operating Economics*; *Railway Operation, Passenger and Goods*, both by Travis, Lamb and Jenkinson

258.†—Problems of Railway Passenger Traffic, a course of ten lectures by Mr. BURTT, on Wednesdays, at 6 p.m., in the Lent Term, beginning 16th January.

Fee.—£2.

Students attending these lectures may write essays for the lecturer, and an examination will be held at the end of the course.

Syllabus. The passenger station and its staff. Passenger fares and charges, Season and special tickets, Urban, suburban and inter-urban services. The importance (1) of punctuality (2) of comfort (3) of speed. Problems of passenger rolling stock. The passenger time-table and the working time-table. The conveyance of "parcels" traffic. Problems of signalling and safe working. Advantages of electric traction. Statistics. Organisation of the passenger department.

BOOKS RECOMMENDED —*The Elements of Railway Operating*, H. M. Hallsworth, *The Safety of British Railways*, H. Rayner Wilson, *The First Principles of Railway Signalling*, H. B. Byles, *The Elements of Railway Operating Economics*, *Railway Operation, Passenger and Goods*, both by Travis, Lamb and Jenkinson.

259.†—The New Era in Railway Transportation, a course of twenty lectures by Mr. BURTT, on Thursdays, at 7 p.m., in the Michaelmas and Lent Terms, beginning M.T. 4th October, L.T. 17th January.

Fee:—£3.

Students attending these lectures may write essays for the lecturer, and an examination will be held at the end of the course.

Syllabus. Is there a new era? Consider parallel on conclusion of Napoleonic Wars a century ago. Birth of railways leading to industrial era of nineteenth century. Arrest of railway development during recent great war and breakdown in many countries followed by re-organisation and re-construction.

[contd.]

Consolidation of railway systems in all countries as effect of separation by distance is being gradually eliminated. The era of unlimited competition is giving place to an era of co-operation and co-ordination. Direct effects of war Increase of financial dependence upon state with government guarantees in various directions. Versailles treaty and provisions affecting railways. Growth of democratic control in industry. Railway Labour Boards and Wages Councils. Rapid growth of scientific methods such as automatic mechanical working, electric power for traction and many minor directions. Telephonic control in train working. Effect of above developments on (1) character of personnel, (2) financial economy and efficiency generally, (3) methods of railway management. In light of foregoing, examine carefully the provisions of (a) Transportation Act 1920, U.S.A. (b) Railways Act 1921, Great Britain (c) New constitution for Railways of Germany, (d) the French Railway Act of 1921. Increasing control in management by workers' representatives in various countries—U.S.A., Great Britain, Germany, France.

260.—**Railway Accounts**, a course of ten lectures by Professor DICKSEE, on Mondays, at 6 p.m., in the Lent Term, beginning 14th January.

Fee—£2.

N.B.—Students desiring to attend this course should, during the Michaelmas Term, attend the lectures given by Professor Dicksee in connection with Accounts of Traders and Companies (Part II) (Course No. 2). An examination will be held at the end of the Lent Term covering the two terms' work. A first-class pass in both parts of this examination counts for the Brunel Medal.

Syllabus. Modern Methods of Accounting. Stores Accounts. The Principles of Cost Accounts. Bankruptcy and Insolvency Accounts. The Linking up of Station Accounts and Railway Accounts. The Railway Clearing House. Published Accounts of Railways and their interpretation. The Audit. Capital re-organisation.

261.—**Railway and Commercial Geography of the United Kingdom**, a course of twenty lectures by Mr. RODWELL JONES, on Mondays, at 6 p.m., in the Michaelmas and Lent Terms, beginning M.T. 1st October, L.T. 14th January.

Fee—£3.

Syllabus. (a) General geographical position and characteristics of the United Kingdom. (b) The major natural regions of the United Kingdom, with special reference to productive, industrial and agricultural areas. Location of the Principal Coalfields and Industries and the general nature of their traffic requirements. (c) Situation of the Principal Ports and nature of their trade. (d) Commerce of the London and North-Eastern Railway District.

N.B.—Reference should also be made to the following course :—

No. 136.—**Maritime Law.**

NOTE.—In addition to the courses given at the School, the following courses are being given at the centres named below. Admission to these will be entirely controlled by the London and North-Eastern Railway :—

Law of Carriage by Railway, at Ipswich, by Mr. A. LESLIE.

Railway and Commercial Geography of the United Kingdom, at Cambridge, by Mr. R. W. STANNERS.

Commercial Railway Economics, at Norwich, by Mr. STEPHENSON.

DEGREES, DIPLOMAS & CERTIFICATES.

This part of the Calendar gives information as to the steps to be taken by students desiring to obtain a Degree or Diploma granted by the University, or a Certificate granted by the School.

It is divided into the following sections :—

- I. MATRICULATION.
- II. REGISTRATION.
- III. FIRST DEGREES.
- IV. HIGHER DEGREES.
- V. DIPLOMAS.
- VI. CERTIFICATES.

The most important University Regulations dealing with these matters are summarised below. **Students should however also consult the actual Regulations and the pamphlets issued by the University (to which references are given) as these alone are authoritative.**

I.—MATRICULATION.

Before being registered as a student of the University (either Internal or External) and being entitled to proceed to a degree, a person must either

- (1) have passed the London Matriculation Examination,
- or (2) have satisfied the conditions for Matriculation at the Senior or General School Examination,
- or (3) have passed the Examination before a Board of Examiners under Statute 116,
- or (4) have been exempted from the Matriculation Examination in accordance with the regulations approved by the Senate under Statute 116,
- or (5) have been registered as candidates under the terms of Statute 113.

(1). The Matriculation Examination.

This is held three times a year, and candidates must take English, Elementary Mathematics, a language, and two other subjects to be selected from a list given in the Regulations for Matriculation. Candidates must be sixteen years of age, and should apply to the Principal, University of London, S.W. 7, for an entry form, by the dates shown in the following table. The examination fee is £2 12s. 6d.

The examinations are held as follows:—

	Date Examination Begins.	Entry Forms must be applied for by	Entry Forms must be completed and returned by	Candidates must have completed their sixteenth year by
1	September 15th —if Monday. If not, preceding Monday.	August 20th.	14 Days before beginning of examination	September 15th.
2	Second Monday in January.	November 25th.	December 1st.	January 14th
3	First Monday in June	April 25th.	May 1st.	July 31st

(2). The Senior or General School Examinations.

The University holds in approved Schools an examination called the Senior or General School Examination, for which any pupil who has pursued an approved course of study is eligible. Candidates who pass the examination are entitled to be registered without further fee as Matriculated Students provided they are sixteen years of age and provided also that the subjects in which at one and the same examination they have attained the standard required for matriculation include those required by the regulations for matriculation.

(3). Examination before a Board of Examiners.

Certain overseas students of not less than nineteen years of age, on presentation of certificates which, in the opinion of the Principal, indicate that they have attained a standard *prima facie* involving an education equivalent in their own country to that required for matriculation in London University, may apply for examination before a Board of Examiners in London in place of matriculation.

(4). Exemption under Statute 116.

Certain students are exempted from the Matriculation Examination because either (1) they are graduates of approved Universities or (2) they have passed certain specified examinations.

(5). Exemption under Statute 113 (for admission to the University for the purpose of proceeding to higher degrees).

Statute 113 provides that "the Senate may admit graduates of or persons who have passed the examination required for a degree in other Universities approved by it for that purpose as Internal Students and as candidates for any of the higher degrees (except in Medicine and Surgery) without their having taken previously any lower degree."

For full details regarding the regulations governing the Matriculation Examination see the "Regulations for Matriculation," which may be obtained on application to the External Registrar, University of London, S.W.7.

II.—REGISTRATION.

Students of the University are either *Internal* or *External*. "Internal" Students of the University are students who have matriculated at the University (or have been admitted under Statute 113 or Statute 116) *and are pursuing a course of study approved by the University in a School or Schools or under one or more of the teachers of the University*. All other matriculated students (or students admitted under Statute 116) are "External Students."

A matriculated student of the University who wishes to proceed to a first degree (B.Sc., B.Com. or LL.B) as an **Internal Student** at the London School of Economics and Political Science should in addition to the form of admission to the School, apply to the Secretary of the School for a Registration Schedule. These Registration Schedules are supplied by the Academic Registrar of the University to the Authorities of Schools or Institutions, and, after they have been issued to students and filled up, are returned by these Authorities to the Academic Registrar. A card is sent by the Academic Registrar to each student whose application for registration is approved, notifying his registration as an Internal Student.

For information relating to registration as an **External Student** application should be made to the External Registrar, University of London, S.W.7. Such students may, if they desire it, attend lectures and classes at the School on payment of the fees specified in each case.

In accordance with the definition of Internal Students in the Statutes, Section 132, any Matriculated Student who is pursuing a course of Study approved by the University *either*—

(a) under the direct control of the University or a Committee appointed thereby or in any one or more schools of the University, *or*

(b) under one or more of the appointed or recognised teachers of the University,

can be registered as an Internal Student.

Students attending at more than one School or Institution must be registered each such School or Institution.

Applications for Registration as an Internal Student (including Registration under Statutes 112, 113, or 129) should normally be made within four months from the first attendance at the course on account of which Registration is desired and before the end of the Session in which such Course was begun. The following fees are payable in respect of Applications received at a later date, and acceded to:—

(i) In respect of an Application received more than four months* after the beginning of the Course submitted but during the same Session—£1.

* The period of four months will be reckoned as from the last day of the month in which the Course in question was begun.

Duly qualified persons, not being Graduates of this University, may be registered as Internal Students with a view to candidature for the Teacher's Diploma without payment of the Registration Fee of 3 guineas; but such persons will not be permitted to proceed as Internal Students to any degree without previous payment of the Registration Fee.

(ii) In respect of an Application received in a Session subsequent to that in which the Course submitted was begun—£3.

Students who begin their Course of Study in October and matriculate in the following January may be registered without payment of a fine, on the receipt by the University of a registration schedule not later than March 31st.

Fees on the same scale will be payable in respect of Applications for the retrospective approval of Honours Courses and Courses for Higher Degrees.

Students whose third year's Course of Study under Section 19 of the General Regulations as to Approved Courses of Study is received later than May 1st in the second year's Course of Study (or, in the case of postgraduate Courses, later than June 15th in the second year's Course of Study) but in time to be approved by the University during the third term, will be required to pay a fine of £1.

Note.—Students are advised to apply for Registration as soon as qualified. Students whose names have been returned by the Authorities of a School or Institution as having discontinued attendance at an Approved Course of Study and whose names have consequently been removed from the Register of Internal Students may be re-registered, after notification by the Authorities of a School or Institution that they have resumed an Approved Course of Study. Fees payable in respect of late Applications for re-registration will be on the same scale as those payable in respect of late Application for Registration.

EXTRACT FROM UNIVERSITY STATUTES.

The following Sections of University Statutes are important to internal students and are quoted for purposes of reference:—

113. Provided also that the Senate may admit as Internal Students and as Candidates for any of the higher degrees (except in Medicine and Surgery) without their having previously taken any lower degree the following persons (that is to say).—

- (1) Graduates of Universities approved by the Senate for this purpose,
- (2) Persons who have passed the examinations required for a degree in some University approved as aforesaid;
- (3) Persons who have obtained from the University of Cambridge a Certificate stating that they have satisfied the examiners in a Tripos Examination qualifying as a Final Examination for a first degree,
- (4) Persons who have passed or obtained Honours at the Second Public Examination of the University of Oxford provided that they have also either passed or obtained Honours at the First Public Examination or have passed such other Examination or Examinations as under the provisions of the University of Oxford are accepted as statutorily equivalent thereto.

113a. Provided also that the Senate may admit as Internal Students and as candidates for a first degree (except in Medicine and Surgery) without their having previously satisfied the examiners at an Intermediate Examination Graduates of the University who have taken degrees as External Students and also the persons specified in the last preceding Statute if such persons shall have prior to admission pursued an approved course extending over not less than three years.

125. Except as hereinafter provided no person shall be admitted to a first degree in the University as an Internal Student unless and until he has completed an approved course of study comprising all the subjects in which he presents himself and extending over not less than three years. Such three years shall be calculated from a date not earlier than matriculation unless the Senate shall either generally by regulation or in special cases allow the same to be calculated from a date not exceeding four months before matriculation. Any person who has passed

the intermediate examination before he is registered as an Internal Student may be allowed to take the final examination for the first degree before the end of a three years' course provided that subsequently to passing the intermediate examination he shall have attended for two years an approved course of study for the final examination. If he passes that examination he shall be admitted to the degree without further examination but not until he shall have completed three years of study as an Internal Student by attending subsequently to passing the final examination a further approved course of study and not unless the Authorities of the School or Institution at which such course is held have certified that his attendance and progress have been satisfactory. Provided that

- (1) A person who has presented himself for a final examination for a first degree as an Internal Student and has failed may be permitted to present himself on a subsequent occasion for such final examination as an Internal Student in subjects other than those in which he presented himself on the first occasion after such further course if any as the Senate shall generally by regulation or in special cases determine.
- (2) A course of study extending over not more than one year taken in another University approved for the purpose subsequently to the passing of the intermediate examination may be accepted in lieu of an approved course of study taken in this University subject to such regulations as the Senate may from time to time prescribe.
- (3) During the continuance of the War begun in 1914 and after its termination for such period as the Senate shall see fit the Senate shall have power to waive the conditions of this Statute in such a way as will prevent as far as possible any Internal Student of the University from being placed at a disadvantage through going on active service or undertaking other approved duties in connexion with national defence.
- (4) During the period aforesaid the Senate shall have power to waive the conditions of this Statute in such manner as they shall see fit in special cases in respect of students of foreign Universities and foreign Institutions of similar rank whose studies therein have been interrupted owing to the War begun in 1914 and who have become Internal Students of the University and have pursued a course of study therein extending over not less than one academic year.

For the purposes of this Statute the date of matriculation shall be taken to be the first day of the matriculation examination at which the candidate passed or in respect of which he was registered.

125a Provided that the Senate may admit as Internal Students and as candidates for a first degree in the University after the completion of an approved course of study comprising all the subjects in which they present themselves and extending over not less than two years the following persons if approved in each case by the Senate:—

- (1) Graduates of other Universities,
 - (2) Persons who have passed the examinations required for a degree in a University;
 - (3) Persons who have obtained from the University of Cambridge a certificate stating that they have satisfied the examiners in a Tripos Examination qualifying as a Final Examination for a first degree;
 - (4) Persons who have passed or obtained Honours at the Second Public Examination of the University of Oxford provided that they have also either passed or obtained Honours at the First Public Examination or have passed such other examination or examinations as under the provisions of the University of Oxford are accepted as statutorily equivalent thereto;
- provided that persons qualifying under paragraphs (1), (2), (3), and (4)

above shall prior to admission as Internal Students have pursued an approved course extending over not less than three years, and

- (5) Graduates of the University who have taken degrees as External Students.

126. Courses of study qualifying for admission to the examinations for the several degrees shall be from time to time prescribed for the guidance of Internal Students. In thus prescribing courses of study the Senate, while providing in each case for an academic training of adequate breadth and duration, shall endeavour to allow the Students a wide option in the choice of study, and the Senate may for such reasons as seem to it sufficient permit Students during their academic career to modify their courses of study and may in special cases grant exemptions in respect of such courses. Or the Governing Body of any School of the University may from time to time submit to the Senate for its approval courses of study which such Governing Body is prepared to provide within that School.

127. Every Internal Student before being admitted to the final Examination for a first degree as an Internal Student shall produce to the officer appointed for the purpose certificates of having pursued his approved course of study extending over the full period of not less than three years. Such certificates shall be signed by or on behalf of the Governing Body of the School if and so far as his course of study has been pursued in a School and in every other case by or on behalf of the Teachers under whom it has been pursued. No certificate shall be accepted from any Teacher except in the subject for which he has been appointed or recognised as hereinbefore provided.

128. It shall not be required that an Internal Student shall pursue the whole of his approved course of study in the same institution whether such institution be a School of the University or not but the course of study shall be continuously pursued unless the Senate in particular cases on the ground of illness or other cause which may appear to it sufficient shall otherwise determine.

129. Any Graduate of the University who shall have taken a degree either as an Internal or as an External Student may be admitted as an Internal Student to the Examination for a higher degree within the purview of any Faculty except Theology or Medicine other than that in which he has graduated on completing a prescribed course of study in a School or Schools or under a Teacher or Teachers of the University or may in place of the whole or any part of such Examination submit the results of study or research subject to the provisions hereinbefore contained. Any Graduate of the University who shall have taken a degree as an External Student may be admitted as an Internal Student to the Examination for a higher degree within the purview of the same Faculty on completing a prescribed course of study in a School or Schools or under a Teacher or Teachers of the University or may in place of the whole or any part of such Examination submit the results of study or research subject to the provisions hereinbefore contained. Persons applying for admission as Candidates under this Statute after the first day of September, 1911, must produce evidence of having passed a general Examination approved in each case by the University for the purpose or conducted by the University in the subject in which they desire to proceed to a higher degree or in a cognate subject

130. No disability shall be imposed upon any Internal Student by reason of the approved course of study pursued by him being or having been pursued in the evening only.

131. The Senate shall not impose any limit of time or require any number of hours' study within a limited period or make any similar provision which will prevent such Internal Students as study in the evening only from obtaining a degree as Internal Students.

For Regulations regarding approved courses of study see "University Red Book."

III.—FIRST DEGREES.

The First Degrees for which the School registers students are:—

Bachelor of Science ... (B.Sc.Econ.).

Bachelor of Commerce (B.Com.).

Bachelor of Laws ... (LL.B.).

Bachelor of Arts ... (B.A.).

Candidates for the degree of B.Sc. in Pure Science and Household Science will find a number of courses at the School in the subjects prescribed for these degrees, but can only take a complete course as Internal Students by registering elsewhere.

1. THE DEGREE OF BACHELOR OF SCIENCE IN ECONOMICS (B.Sc.Econ.)

This degree is taken in two stages:—

- (1) The Intermediate which, in the case of day students, is normally taken at the end of the first year of study. The intermediate must be passed before a student can proceed to
- (2) The Final which, in the case of day students, is normally taken at the end of the third year of study. Students who have deferred their intermediate are recommended to defer their final also. The Final Examination is common to Honours and Pass candidates. Successful candidates will be awarded First or Second Class Honours, or a Pass Degree.

The School provides complete courses for this degree, both for day and for evening students.

In the case of evening students, the Intermediate Syllabus involves attendance at the School on four nights a week, which does not leave sufficient time for reading for students who are engaged on other work during the day. Evening students, therefore, are recommended not to take the intermediate course in one year, but to spread it over two years, unless after consultation with their Adviser of Studies they are found to have a sufficient preliminary knowledge. The Final Course also involves attendance on four nights each week and should, therefore, not be attempted, as a rule, by evening students in less than three years (in place of two for day students).

NOTE.—Students of the School who fail in the Intermediate Examination will not be allowed to work in their next year for both the Intermediate and the Final. Departures from this rule will only be made in the case of students whose failure is due to exceptional circumstances, and subject to such conditions as the Director may require in any particular case.

Students who are referred in any subject at the Intermediate Examination will only be allowed to begin work for the Final with the approval of the Director, and if this approval is obtained, will, as a rule, be required to take special classes in the subject or subjects in which they were referred, and to pay an additional fee for each subject

UNIVERSITY REGULATIONS.—Full details of the regulations governing the degree are given in a pamphlet entitled "Regulations in the Faculty of Economics for Internal Students," which may be obtained at the School or from the Academic Registrar, University of London, South Kensington, S.W. 7.

(1) The Intermediate.

The Intermediate examination is held once a year. Students at the School of Economics take a Special Intermediate Examination in place of the General Intermediate Examination of the University. The required subjects of examination and the courses provided to cover these are shown in the following tables:—

No. of Subjects.	Subject.	No. of Papers.	Ref. Nos. of Courses in Calendar covering each subject of Examination
I.	Economics :		
(a)	Industrial and Commercial History	1	111
(b)	Principles of Economics	1	60
(c)	The Elements of Industry, Trade and Currency	1	10, 31
(d)	Passages from French and German Works on subjects (a), (b) and (c) for translation and comment. Candidates may confine themselves to passages in one of these languages	1	(see p 126)
II.	The British Constitution	2	160
III.	(a) Mathematics	2	231
	or (b) Logic and Scientific Method ...		150
IV.	Geography, with special reference to Industry, Commerce and Politics...	1	92, 93

Candidates are required to show a competent knowledge in each of the four subjects (I., II., III. and IV.), but a Candidate who has passed in three subjects out of the four may be allowed to offer the fourth subject alone at the next following examination.

Candidates will be expected to read in the original books, on Economics and Historical subjects in *either* French *or* German. Classes in French and German are provided accordingly, but attendance at these classes is not compulsory.

The day and evening time-tables of approved courses for this examination are given on pages 135 and 136 respectively.

For Time-table of French and German classes, see p. 126.

(2.) The Final.

The **Final Examination** is held once a year. The approved course of study for this examination may be completed in two years, or more.

There will, in future, be no separate Examination for the B. Sc. (Econ.) Pass Degree. Successful candidates at the Examination will be awarded either (a) First Class Honours, or (b) Second Class Honours or (c) a Pass. The examination will begin on the 2nd Monday in June.

Students of the School will only be allowed to read for Honours in any given subject, if approved for this subject by the Director, after consultation with the Head of the Department concerned.

The required subjects of examination and the courses provided to cover these are shown in the following table:—

2.—THE DEGREE OF BACHELOR OF COMMERCE (B.COM.).

The degree is taken in two stages :—

- (1) The Intermediate, which is normally taken at the end of the first year of study, consists of two parts, which may be taken on different occasions.
- (2) The Final is in two parts, the first part being taken at the end of the second year, and the second part at the end of the third year of study.

Students of the School who fail in the Intermediate Examination will not be allowed to work in their next year for both the Intermediate and Part I. of the Final. Departures from this rule will only be made in the case of Students whose failure is due to exceptional circumstances, and subject to such conditions as the Director may require in any particular case.

Students who are referred in any subject at the Intermediate Examination will only be allowed to begin work for the Final, with the approval of the Director, and if this approval is obtained, will, as a rule, be required to take special classes in the subject or subjects in which they were referred, and to pay an additional fee for each subject.

UNIVERSITY REGULATIONS —Full details of the regulations governing the degree are given in a pamphlet entitled "Regulations for Degrees in Commerce for Internal Students," which may be obtained at the School, or from the Academic Registrar, University of London, South Kensington, S.W. 7.

The Intermediate.

The Intermediate Examination is divided into two parts. An examination in both parts is held twice a year (in June and November). Either part may be taken first, at the option of the candidate, or the two parts may be taken together. In order to enter for the whole, or for either part, of the Intermediate Examination in June, or in November, the candidate must have matriculated not later than September of the preceding year, or January of the same year respectively.

The required subjects of examination and the courses provided to cover these are shown in the following tables:—

No. of Subjects	SUBJECT.	Part I. or Part II. of Intermediate	No. of Papers.	Ref. No. of Course in Calendar covering Subject of Examination.

 In all modern foreign languages, colloquial and commercial knowledge will be required.

Note 3. Candidates whose native tongue is not English are required to offer English as their compulsory approved modern foreign language. English cannot be taken as an approved modern foreign language by English, Scottish, Irish or Welsh students. Candidates will not be permitted to offer their native language as an approved modern foreign language.

Note 4. Students taking Modern Greek, Polish, Roumanian or any of the languages taken at the School of Oriental Studies referred to in Note 2 above will be required to give three calendar months' notice before the beginning of the Examination, and to pay a special fee of five guineas in addition to the ordinary fee.

For details as to the various exemptions granted by the University at the Intermediate Examination in Commerce, reference should be made to the University Regulations.

(2) The Final.

The Final Examination is divided into two parts, of which the compulsory subjects form Part I. and the selected group of subjects forms Part II. The examination in both parts is held once a year in June.

The approved course of study for *each part* may be completed in one year. A candidate may take Part I. and Part II. on the same occasion, or Part I. on one occasion and Part II. on a second occasion, but Part II. may in no case be taken before Part I.

If a candidate enters for Parts I. and II. on the same occasion and passes in Part I. but fails in Part II., he will be credited with having passed in Part I., but if he fails to pass in Part I. the examiners will make no report upon his work in Part II.

The approved modern language may be taken either with Part I. or with Part II. at the option of the candidate, but he is recommended to take it with Part II. and to confine himself during his second year to such study as is sufficient to maintain the standard previously attained by him. The Evening Student will, in any case, be compelled to take his language with Part II.

Final, Part I.—The following syllabus applies only to those candidates who pass the Intermediate Examination in and after 1924. Candidates who took the Examination in 1923 will follow the syllabus given in last year's Calendar.

(a) Candidates who have taken a *second* approved modern foreign language at the Intermediate Examination will not be allowed to take V. (a) as his selected subject.

(b) Candidates preparing for Trades involving a knowledge of the products and processes of manufacture, or any of the metal industries, are recommended to take a Science Subject (*i.e.*, Chemistry, Physics, Geology, or Botany) as their selected subject under V. Candidates who intend to take Group D (Industry) at the Final Examination are also recommended to take one of the above Science Subjects

(c) Candidates who intend to take Group E (General Transport) at the Final Examination are recommended to take Subject (h) (History) as their Selected Subject.

(d) Candidates preparing for Journalistic, Editorial, and Publicity work are recommended to take Subject (i) (English) as their Selected Subject.

(e) Candidates who intend to take Group I (Art in relation to Commerce) at the Final Examination are recommended to take Subject (j) (Art in relation to Commerce) as their Selected Subject.

Courses of study are provided at the School for the following subjects:—I., II., III., IV., V. (f), (h), (i), and (k). The time-table for these and for modern languages is set out below. By special arrangement subjects V (a), (b), (c), (a), (e) and (g) are taken at certain other institutions of the University.

Day students will, as a rule, find it possible to combine any of the science options with the compulsory subjects at the School without extending their Intermediate course beyond one year. Evening students should, in any case, take two years for their Intermediate course, as, if taken in one year, it involves attendance at lectures on five nights in the week.

B.Com. Final (Part I.)—Day Time-Table, 1923-24.**Second Year.**

(Old Syllabus.)

The subjects in *italics* are optional. A student taking the approved modern language with Part II. of the Final is recommended to attend a Class in his selected language for one hour a week during the Second Year.

THE DEGREE OF BACHELOR OF ARTS (B.A.).

Students are only registered at the School for the B.A. Degree if they intend to take Honours in Geography, Sociology, Anthropology or (from the Session 1924-25) in History or the Pass Degree with Geography. In the case of students registered for Geography or Sociology, the School provides, in conjunction with King's College, complete Pass and Honours courses for both day and evening students.

UNIVERSITY REGULATIONS.—Full details of the regulations governing the degree are given in a pamphlet entitled "Regulations in the Faculty of Economics for Internal Students," which may be obtained at the School, or from the Academic Registrar, University of London, South Kensington, S W.7.

1. The Intermediate.

NOTE.—No student will be permitted to enter for the Intermediate Examination in Arts for Internal students with Latin as one of his subjects at that examination unless he has either (1) passed with Latin the Matriculation Examination of the University, or (2) passed with Latin some other examination accepted by the University in lieu of Matriculation. For further details, see the University Regulations in the Faculty of Arts

For the Intermediate Examination, four subjects must be chosen from a list given in the regulations in the Faculty of Arts. Two of these subjects must be languages, of which one must be either Latin with Roman History or Greek with Greek History (both Latin and Greek may be taken). The other two, in the case of students registered at the School of Economics, will presumably be chosen from the three subjects provided at the School itself—namely, Economics, Geography and Logic. The approved course of study must extend over at least one academic year. The courses and times are as follows:—

2. The Final.

For Students taking the Final Pass with Geography, or taking the Final with Honours in Geography or in Sociology, a full course is provided by the School and King's College in co-operation. The approved course of study must extend over at least two academic years.

Final Pass with Geography.

Candidates should consult the University Regulations in the Faculty of Arts for Internal Students. Further information can be obtained from the School authorities.

Final Honours in Geography.

The subjects for examination are set out in the following table. Candidates registered at the School will arrange their course in consultation with the Adviser of Studies in Geography. Evening students are recommended to devote three years to the preparation for the Final Examination. No two years' Honours course will be approved that does not comprise at least 300 lectures.

N.B.—Details of the requirements for the various higher degrees for Internal Students will be found in Regulations for Internal Students in the various Faculties, copies of which will be forwarded on application to the Academic Registrar, University of London, South Kensington, S.W.7.

1.—THE DEGREE OF MASTER OF SCIENCE IN ECONOMICS [M.Sc. (ECON.)].

The M.Sc. (Economics) Examination will take place twice in each year, in December and June. For regulations as to date of entry see below.

Except as provided below, no person shall be admitted as a Candidate for the Degree of M.Sc. (Economics) as an Internal Student until after the expiration of One Calendar Year from the time of his taking the B.Sc. (Economics) Degree in this University as an Internal Student; nor in the case of a Student registered as an Internal Student under Statutes 113 and 129, until he has completed a course of higher study in accordance with the regulations adopted by the Senate under these Statutes (see University Red Book).

A Student registered under Statute 113 or 129 will be required to send to the University with his Form of Entry for the M.Sc. (Economics) Examination a Certificate of having completed the Course of Study prescribed by the Senate in his case.

A Student who, having passed the External Intermediate Examination, is admitted as an Internal Student to the Final B.Sc. (Economics) Examination after pursuing a two years' Course of Study and passes that Examination, may submit as his third year's Course of Study for the B.Sc. (Economics) Degree a Course for the M.Sc. (Economics) Degree in accordance with Section 19 of the General Regulations as to Approved Courses of Study. If at the end of the third year's Course of Study he obtains the B.Sc. (Economics) Degree, he will, provided that he has otherwise complied with the Regulations, be permitted to present himself for the M.Sc. (Economics) Examination, but the Degree of M.Sc. (Economics) will not be conferred on him until after the lapse of one year from the date of his obtaining the B.Sc. (Economics) Degree.

Every Candidate entering for this Examination must apply to the Academic Registrar for a Form of Entry, which must be returned duly filled up, together with the proper fee, not later than October 1st for the December Examination and March 15th for the June Examination.

Every Candidate for the Degree of M.Sc. (Economics) must at each entry pay a Fee of 10 guineas to the Academic Registrar.

All cheques should be made payable to the University of London or Bearer, and crossed "Westminster Bank, Ltd., Brompton Square, S.W.3, University of London Account."

Every Candidate for the M.Sc. (Economics) Degree shall upon the above-mentioned Form of Entry state in writing the special subject within the purview of the Faculty of Economics and Political Science

upon a knowledge of which he rests his qualification for the Degree of M.Sc. (Economics). Not later than December 1st for the December Examination and May 15th for the June Examination the Candidate shall transmit a Dissertation or Thesis* printed, type-written, or published in his own name, treating scientifically some special portion of the subject so stated. The Candidate must indicate how far the Thesis embodies the result of his own research or observation, and in what respects his investigations appear to him to advance scientific knowledge.†

Conjoint work may be submitted as a Thesis for the M.Sc. Degree, provided that the Student shall furnish a statement showing clearly his share in the conjoint work, and further provided that such statement shall be countersigned by his coadjutor.

The Candidate is also invited to submit in support of his candidature any printed contribution or contributions to the advancement of science which he may have published independently or conjointly.

The Thesis shall be either a record of original work or an ordered and critical exposition of existing data with regard to a particular subject.

A Candidate will not be permitted to submit as his Thesis a Thesis for which a Degree has been conferred on him in this or in any other University, but a Candidate shall not be precluded from incorporating work which he has already submitted for a Degree in this or in any other University in a Thesis covering a wider field, provided that he shall indicate on his Entry Form and also on his Thesis any work which has been so incorporated.

After the Examiners have read the Thesis the Candidate may be required to present himself at such a place in the University as the Examiners may direct, upon such day or days as may be notified to him, to be further tested orally, at the discretion of the Examiners, with reference both to the special subject selected by him and to the Thesis, but it shall be within the discretion of the Examiners to reject the Candidate without such further test; or in case the Examiners shall, upon examination of the Thesis and of the other contribution or contributions to the advancement of Science submitted by the Candidate, hold the same to be generally or specifically of such

* The Candidate must furnish not less than four copies of the Thesis or published work submitted to the Examiners. No Candidate will be permitted to publish his Thesis as a Thesis approved for the M.Sc. (Economics) Degree without the special permission of the University. Applications for such permission must be made after the Degree of Master of Science (Economics) has been granted. Any Thesis in respect of which such permission has been granted shall bear the following inscription on the title page:—"Thesis approved for the Degree of Master of Science (Economics) in the University of London."

† It is not expected that Candidates will usually be in a position to submit Theses or Dissertations of a sufficiently high standard of merit within one year from the date of their passing the B.Sc. (Economics) Examination unless they have devoted the whole of their time to study for the M.Sc. (Economics) Degree.

special excellence as to justify the exemption of the Candidate from any further test, he may be so exempted, provided that the Report of the Examiners shall set forth the fact and the grounds of such exemption.

If a Dissertation or Thesis submitted by a Candidate for the M.Sc. (Economics) Degree, though inadequate, shall seem of sufficient merit to justify such Recommendation, the Examiners shall be empowered to recommend the Senate to permit the Candidate in question to re-present his Dissertation or Thesis in a revised form at the next or any subsequent examination; and the Fee on re-entry, if the Senate adopt such Recommendation, shall be half the Fee originally paid.

A Diploma for the M.Sc. (Economics) Degree under the Seal of the University and signed by the Chancellor shall be delivered to each Candidate who has passed, after the Report of the Examiners shall have been approved by the Senate.

2.—THE DEGREE OF MASTER OF COMMERCE (M.COM.).

1. A Candidate for the Degree of M.Com. as an Internal Student must have previously obtained the Degree of B.Com. either as an Internal Student or as an External Student. If he obtained the Degree of B.Com. as an External Student he must further have been registered as a Candidate for the Degree of M.Com. under the terms of Statute 129.

2. No person shall be admitted as a Candidate for the Degree of M.Com. as an Internal Student until after the expiration of Two Calendar Years from the date of his passing the B.Com. Examination.

3. Every Candidate who desires to proceed to the Degree of M.Com. will be required to have had practical commercial experience approved by the University extending over a period of not less than two years after passing the B.Com. Examination, provided that in special cases the University may approve suitable commercial experience obtained before passing the Examination.

4. Not less than one year before he desires to enter for the Examination the Candidate shall submit for the approval of the University (1) details of his practical commercial experience, and (2) the special subject which he proposes to offer, together with a syllabus thereof and a statement of the proposed method of treatment. Applications must be submitted in duplicate on the prescribed form. If the Candidate changes his occupation or employment after the approval of his experience and subject, full particulars of such change must be submitted to the University before the Candidate presents himself for examination.

5. The Examination for the M.Com. Degree will consist of (a) written papers based on the subject and syllabus approved by the

University, (b) an oral examination, (c) a Dissertation or Thesis consisting of either published or unpublished work, provided that the Examiners after considering the Dissertation or Thesis may exempt the Candidate from either or both of the other tests. The Dissertation shall be an ordered and critical exposition of existing knowledge of the subject in which the Candidate presents himself; but if the Candidate so desire, he may submit a Thesis which is a record of original work as part of his qualification.

6. The Candidate must indicate how far the Thesis or Dissertation embodies the result of his own research or observation, and in what respects his investigations appear to him to advance the knowledge of his subject.

7. A Candidate will not be permitted to submit as his Thesis or Dissertation a Thesis for which a Degree has been conferred on him in this or any other University, but a Candidate shall not be precluded from incorporating work which he has already submitted for a Degree in this or any other University, in a Thesis covering a wider field, provided that he shall indicate on his Entry Form and also on his Thesis or Dissertation any work which has been so incorporated.

8. The Candidate is also invited to submit in support of his candidature any printed contribution or contributions to the advancement of Economic Science which he may have published independently or conjointly.

9. Every Candidate entering for this Examination must apply to the Academic Registrar for a Form of Entry,* which must be returned duly filled up, together with the Dissertation or Thesis† and accompanied by the proper fee and a statement of the Candidate's occupation or employment since the approval of his experience and subject.

10. Every Candidate for the Degree of M.Com. must at each entry pay a Fee of 10 guineas to the Academic Registrar. All cheques should be made payable to the University of London or Bearer, and crossed "Westminster Bank, Ltd, Brompton Square, S.W.3, University of London Account."

11. The time-table of the Examination will be furnished by the Academic Registrar to each Candidate.

12. A Diploma for the M.Com. Degree under the Seal of the University and signed by the Chancellor will be delivered to each Candidate who has passed, after the Report of the Examiners shall have been approved by the Senate.

* In view of the long vacation which extends from the end of June until October, Candidates are warned that if they submit their Theses later than May 1st, they run the risk of considerable delay in the decision as to the result.

† No Candidate will be permitted to publish his Thesis as a Thesis approved for the M.Com. Degree without the special permission of the University. Applications for such permission must be made after the Degree of M.Com. has been granted. Any Thesis in respect of which such permission has been granted shall bear the following inscription on the title-page—"Thesis approved for the Degree of Master of Commerce in the University of London."

3.—THE DEGREE OF DOCTOR OF SCIENCE IN ECONOMICS [D.Sc. (ECON.)].

A Candidate for the Degree of D.Sc. (Economics) must have previously obtained the Degree of B.Sc. (Economics) or have been registered as a Candidate for the Degree of D.Sc. (Economics) under the terms of Statute 113 or 129; and must further have obtained the Degree of M.Sc. (Economics) or the Degree of Ph.D., unless specially* exempted by the Senate on the ground that he has already done work of the character and standard that may reasonably be expected of Candidates for the M.Sc. (Economics) Degree. As a rule the Senate will only grant such special exemption on the ground of published work.

Except with the special permission of the Senate on the recommendation of the Board of Studies in Economics, no person shall be admitted as a Candidate for the Degree of D.Sc. (Economics) until the expiration of four years from the date of his taking the B.Sc. (Economics) Degree in this University, as an Internal Student; provided that, in the case of a Student registered under Statute 113 or 129, except with the special permission of the Senate on the recommendation of the Board of Studies in Economics, such Student shall not be admitted as a Candidate for the Degree of D.Sc. (Economics) until after the expiration of four years from the date at which he obtained the Degree or other qualification enabling him to be registered under the Statute.

A Student registered under Statute 113 or 129 will be required to send to the University, together with his Form of Entry for the D.Sc. (Economics) Examination, a Certificate of having completed the Course of Study prescribed by the Senate in his case.

Every Candidate must apply to the Academic Registrar for a Form of Entry, which must be returned accompanied by the Dissertation or Thesis and the proper Fee.†

Candidates for the D.Sc. Degree who have paid a Fee of 10 guineas in respect of the M.Sc. Degree must pay at each entry a Fee of 10 guineas to the Academic Registrar; all other Candidates for the D.Sc. Degree must pay at each entry a Fee of 20 guineas to the Academic Registrar except as provided below.

All cheques should be made payable to the University of London or Bearer, and crossed "Westminster Bank, Ltd., Brompton Square, S.W.3, University of London Account."

Every Candidate for the Degree of D.Sc. (Economics) shall upon the above-mentioned Form of Entry state in writing the special

* Such special permission shall not be required in the case of Candidates who entered for the D.Sc. (Economics) Degree in or before 1918.

† In view of the Long Vacation which extends from the end of June until October, Candidates are warned that if they submit their Theses later than May 1st they run the risk of considerable delay in the decision as to the result.

subject within the purview of the Faculty of Economics and Political Science upon a knowledge of which he rests his qualification for the Doctorate. Together with the Form of Entry, he shall transmit a Dissertation or Thesis,* printed, typewritten, or published in his own name, treating scientifically some special portion of the subject so stated. The Candidate must indicate how far the Thesis embodies the result of his own research or observation, and in what respects his investigations appear to him to advance scientific knowledge. Work done conjointly with other investigators will not be accepted as a Thesis qualifying for the Doctorate; but the Candidate is invited to submit as subsidiary matter in support of his candidature any printed contribution or contributions to the advancement of Science which he may have published independently or conjointly. In the event of a Candidate submitting conjoint work in support of his candidature he will be required to state fully his own share in such conjoint work.

A Candidate will not be permitted to submit as his Thesis a Thesis for which a Degree has been conferred on him in this or any other University, but a Candidate shall not be precluded from incorporating work which he has already submitted for a Degree in this or any other University in a Thesis covering a wider field, provided that he shall indicate on his Form of Entry and also on his Thesis any work which has been so incorporated.

After the Examiners have read the Thesis the Candidate may be required to present himself at such place in the University as the Examiners may direct, upon such day or days as may be notified to him, to be further tested either orally or practically or by printed papers, or by all these methods, at the discretion of the Examiners, with reference both to the special subject selected by him and to the Thesis, and the Candidate may be required by the Examiners to submit within a given period a reasoned report on a subject prescribed by them; but it shall be within the discretion of the Examiners to reject the Candidate without such further test; or in case the Examiners shall, upon examination of the Dissertation or Thesis and of the other contribution or contributions to the advancement of Science submitted by the Candidate, hold the same to be generally or specifically of such special excellence as to justify the exemption of the Candidate from any further test, he may be so exempted, provided that the Report of the Examiners shall set forth the fact and the grounds of such exemption.

A Candidate for the D.Sc. (Economics) Degree who has been approved by the Examiners shall be required to publish his Thesis as a whole or such portion or epitome thereof as the Examiners shall approve, and the Degree shall not be conferred until four copies of the

* The Candidate must furnish not less than four copies of the Thesis or published work submitted to the Examiners. (But see Special War Regulations, No. 16.) Any Thesis approved by the University for this Degree and subsequently published must bear the following inscription on the title-page:—"Thesis approved for the Degree of Doctor of Science (Economics) in the University of London."

published work as approved by the Examiners have been received by the Senate. [*Note.*—The Senate are willing to consider a request that the requirement to publish a Thesis for a D.Sc. Degree shall be waived in any case where a Candidate is able to show that the non-publication of the Thesis is due to War conditions.]

If a Dissertation or Thesis submitted by a Candidate for the D.Sc. (Economics) Degree, though inadequate, shall seem of sufficient merit to justify such Recommendation, the Examiners shall be empowered to recommend the Senate to permit the Candidate in question to re-present his Dissertation or Thesis in a revised form after six months and within one calendar year from the decision of the Senate with regard thereto; and the Fee on re-entry, if the Senate adopt such Recommendation, shall be half the Fee originally paid.

Any Dissertation or Thesis submitted for the D.Sc. (Economics) Degree must be satisfactory as regards literary presentation, as well as in other respects, and, if not already published in an approved form, must be submitted in a form suitable for publication.

The Examiners shall report to the Senate upon each case separately. Each such report shall state (*a*) the subject of Dissertation or Thesis submitted by the Candidate; (*b*) a list of his other original contributions (if any) to the advancement of Science; (*c*) a concise statement of the grounds upon which he is recommended by the Examiners for the Degree.

A Diploma under the Seal of the University and signed by the Chancellor shall be delivered to each Candidate who has passed, after the Report of the Examiners shall have been approved by the Senate.

**REGULATIONS FOR THE DEGREE OF PH.D.
for Internal Students in the Faculties of
Arts, Science, and Economics.**

REGULATIONS.

1. A Candidate for the degree of Ph.D. must

(1) have previously graduated in the Faculty of Theology, Arts, Science, Engineering or Economics as an Internal Student, and have been registered as a Candidate for the Degree of Ph.D., or

(2) have been registered as a Candidate for the degree of Ph.D. under the terms of Statute 113 or Statute 129, and must comply with the following requirements :—

Every Candidate must pursue as an Internal student

(a) a Course of Study of not less than two years of full-time* training in research and research methods, or

(b) A course of study of not less than two years and not more than four years, as may be prescribed by the Academic Council in the case of part-time students.

2 The course is to be pursued continuously except by special permission of the Senate.

3. Before entering upon such Course the Candidate must

(i) produce evidence satisfactory to the University of the standard he has already attained and of his ability to profit by the course. If the evidence first submitted is not satisfactory, the Candidate may be required to undergo such examination as may be prescribed by the University.

(ii) produce a Certificate from the Governing Body of a College or School of the University, or from a Teacher or Teachers of the University, stating that the Candidate is, in their opinion, a fit person to undertake a course of study or research with a view to the degree he has selected, and that the College, School or Teacher is willing to undertake the responsibility of supervising the work of the Candidate, and of reporting to the Senate at the end of each University Session during the Course of Study, whether the Candidate is *bona fide* pursuing a course of study in the College, School or other Institution suitable as a preparation for the degree. In the case of applications received from Overseas, the Academic Registrar will, if possible, obtain for the applicant the certificate in question.

4. The Student must also—

(a) submit to the University through the Authorities of the College or School where he is pursuing his Course of Study, or, in the case of an Institution other than a College or School, through the Teacher of the University authorised by the University to supervise his work, before the end of each Session, a Report setting forth the details of his work.

(b) submit to the University for approval the subject of his Thesis not less than one Calendar year before the date when he proposes to present his Thesis for examination. (See also for further requirements in regard to the Thesis, under the heading "Details of Examination," below.)

5. The University will at the time of the approval of the subject of a Thesis (a) specify the subjects relevant thereto in which the Candidate will be examined and (b) inform the Candidate of the Faculty within whose purview the Thesis will be deemed to fall. After the subject of the Thesis has been approved it may not be changed except with the permission of the University.

* The expression "two years" in these Regulations will be interpreted in the case of students registering for the Ph.D. Degree in October as the period from the beginning of that month to the June in the second year following. In other cases it will be interpreted as two calendar years.

6. The Student whilst pursuing his course of study as an Internal Student must reside within the 30 miles radius from the University Buildings, South Kensington, or must attend for study in a College, School or Institution of the University, during the ordinary terms not less often than three times a week.

7. If the material for the work of a Student exists elsewhere, the Student may under proper conditions be allowed leave of absence from London, if such absence do not exceed two terms out of the total of six.

8. The Student shall during his Course of Study pay a fee to the College, School or Institution in which he is working

9. Students in the Faculties of Theology, Arts, or Economics must work in the Library of the College, School, or Institution to which they are attached, or in some other approved Library in London; and must be members of the Seminar or Conference Class (if any) of such College, School or Institution in the subject in which they are working.

10. Students admitted as Candidates for the Ph.D. Degree, after having studied to the satisfaction of the Authorities of the College or School, or, in the case of an Institution other than a College or School, of the Recognised Teacher or Teachers concerned, for the period prescribed by the University under the foregoing Regulations, shall be exempted from the requirements as to attendance set forth above, and may be admitted at any time subsequently to the Examination for the degree, provided that (i.) they shall, during the interval, present Reports annually, not later than the end of each Session, from the authorities of the College or School or from the Recognised Teacher or Teachers of an Institution other than a College or School concerned, and that (ii.) they shall pay a fee of two guineas per annum to the Authorities of such College, School or Institution.

11. *Fee for Examination.* Candidates for the Ph.D. Degree who have paid a fee of 10 guineas in respect of the M.A. or M.Sc. Degree must pay at each entry a fee of 10 guineas to the Academic Registrar: all other candidates for the Ph.D. Degree must pay at each entry a fee of 20 guineas to the Academic Registrar, except as provided below. Candidates for the Ph.D. Degree who have already paid a fee of 20 guineas in respect of an unsuccessful attempt to obtain a higher doctorate will be admitted on payment of a fee of 10 guineas

12. All cheques should be made payable to the University of London or Bearer, and crossed "Westminster Bank, Ltd., Brompton Square, S.W.3. University of London Account."

13. *Details of Examination.* Every Candidate must apply to the Academic Registrar for a form of entry, which must be returned accompanied by the Thesis and the proper fee* and a certificate of having completed the Course of Study prescribed by the Senate in his case.

14. Together with the form of entry the Candidate shall transmit his Thesis† printed, type-written, or published in his own name. The Candidate must indicate how far the Thesis embodies the result of his own research or observation, and in what respects his investigations appear to him to advance the study of his subject

15. A Candidate will not be permitted to submit as his Thesis a Thesis for which a Degree has been conferred on him in this or in any other University, but a Candidate shall not be precluded from incorporating work which he has already submitted for a Degree in this or in any other University in a Thesis covering a wider field, provided that he shall indicate on his form of entry and also on his Thesis any work which has been so incorporated.

* In view of the Long Vacation, which extends from the end of June until October, Candidates are warned that if they submit their entry form and fee later than May 1st they run the risk of considerable delay in the decision as to the result. A student whose course of study is not completed until the month of June will be permitted to submit his entry form and fee on May 1st and his Thesis between June 1st and June 5th.

† The Candidate must furnish not less than four copies of the Thesis or published work submitted to the Examiners. Any Thesis approved by the University for this Degree and subsequently published must bear the following inscription on the title-page.—"Thesis approved for the Degree of Doctor of Philosophy in the University of London."

16. The Thesis must comply with the following conditions :—

(a) The greater portion of the work submitted therein must have been done subsequently to the registration of the student as a Candidate for the Ph.D. Degree.

(b) It must form a distinct contribution to the knowledge of the subject and afford evidence of originality, shown either by the discovery of new facts or by the exercise of independent critical power.

(c) It must be satisfactory as regards literary presentation, and, if not already published in an approved form, be submitted in a form suitable for publication.

17. The Degree will not be conferred upon a Candidate unless the Examiners certify that the publication of the Thesis is desirable.

18. The Thesis must be submitted in the Candidate's own name, or in his name together with that of the teacher who has supervised his work, provided that, in the latter case, the Candidate's share in the work is sufficiently made clear. Work done conjointly with investigators other than the Candidate's teacher will not be accepted as a Thesis qualifying for the degree. The Candidate is also invited to submit as subsidiary matter in support of his candidature any printed contribution or contributions to the advancement of his subject which he may have published independently or conjointly. In the event of a Candidate submitting such subsidiary matter, he will be required to state fully his own share in any conjoint work.

19. After the Examiners have read the Thesis, they may, if they think fit, recommend that the Candidate be rejected without further test; if they do not make such recommendation they shall examine the Candidate —

(1) orally, and, if they see fit, by written questions, on the subject of his Thesis, and also

(2) orally, or by written questions, or by both methods, upon the subjects relevant to his research which have been specified by the University and previously communicated to the Candidate in accordance with the Regulation set forth in Section 5 above.

20. For the purpose of such examination the Candidate will be required to present himself at such place in the University as the University may direct and upon such day or days as shall be notified to him.

21. If a Thesis submitted by a Candidate for the Ph.D. Degree, though inadequate, shall seem of sufficient merit to justify such recommendation, the Examiners shall, after they have examined the Candidate as prescribed above, be empowered to recommend the Senate to permit the Candidate in question to re-present his Thesis in a revised form after six months and within one calendar year from the decision of the Senate with regard thereto and the fee on re-entry, if the Senate adopt such Recommendation, shall be half the fee originally paid.

22. The Examiners shall report to the Senate upon each case separately. Each such Report shall state (a) the subject of the Thesis submitted by the Candidate; (b) a list of his other original contributions (if any) to the advancement of his subject; (c) a concise statement of the grounds upon which he is recommended by the Examiners for the Degree.

23. A Diploma under the Seal of the University and signed by the Chancellor shall be delivered to each Candidate who has passed, after the Report of the Examiners shall have been approved by the Senate.*

24. The copies of all successful Theses, whether published or not, will be deposited for reference in the University Library.

* A person who has taken the Ph.D. Degree as an Internal Student may proceed to a higher Doctorate (D.D., D.Lit., D.Sc. or D.Sc. (Economics) as the case may be), in the Faculty in which he has taken the Ph.D. Degree. For the further conditions under which such higher Doctorates may be taken, reference must be made to the special Regulations relating to them.

Full information regarding the regulations governing the various Higher Degrees will be found in the following pamphlets which may be obtained, on application, from the Academic Registrar, London University, South Kensington, S.W.7 :—

V.—DIPLOMAS.

The University grants the following Diplomas for which the School arranges courses of study :

1. The Diploma for Journalism.
2. The Academic Diploma in Geography.
3. The Academic Diploma in Sociology and Social Science.

1. THE DIPLOMA FOR JOURNALISM.

The course of training for this diploma is open :—

- (i) To Matriculated students of not less than 17 years of age.
- (ii) To Non-matriculated students of not less than 18 years of age whose preliminary education appears to the Journalism Committee to be sufficient to enable them to take advantage of the course—*i.e., in exceptional circumstances only and subject to the approval of the Board to promote the extension of University Teaching*

The courses of instruction, which cover two years, are provided by the School in conjunction with King's College, University College, and Bedford College. Students registered at any one college have access to all the necessary courses wherever given.

Students for this diploma must apply at the University of London, South Kensington, S.W.7, and will be allocated among the various colleges.

The examination will be held on the first Monday in July.

The subjects of Examination are :—

No. of Subject.	Subject.	No. of Papers.

	(d) Economics	2
	(e) Modern Languages.	2
	(f) Philosophy, Psychology, Logic and Ethics (<i>two only to be taken</i>)	2

In determining the results of the examinations marks will be assigned to essays and other work done during the course of training and will be taken into account together with the reports of Teachers as to attendance and progress.

A mark of distinction will be placed against the names of candidates who have shown exceptional merit.

2. THE ACADEMIC DIPLOMA IN SOCIOLOGY AND SOCIAL ADMINISTRATION.

The course of training for the diploma is open to :—

- a. Students of Post Graduate standing.
- b. Students who, though not graduates, have satisfied the Professors in charge of the course that their previous education and experience qualify them to rank on the same level as graduates for this purpose, provided that non-matriculated students shall not be admitted to the course without the approval of the Board to promote the extension of University Teaching

Students are required to attend a course of study approved for the purpose by the University extending over two sessions at least (and not less than 150 hours in each year).

The examination takes place on the first Monday in July.

The subjects of Examination are:—

No. of Subject.	Subject.	No. of Papers.	Ref. No. of Course in Calendar, covering each subject of examination.
I.	Social Institutions.	1	179, 220

	(a.) The Elements of Hygiene.	1	—
	(b.) Method of Statistics.		—
	(c.) History of Factory Legislation.		—
	(d.) Industrial Legislation.		131

Candidates will not be approved unless they have shown a competent knowledge in the foregoing subjects, but a candidate who passes in six subjects out of seven may, with the consent of the Examiner, be allowed to offer the seventh subject alone at the next following examination.

3.—THE ACADEMIC DIPLOMA IN GEOGRAPHY.

The Diploma Course is open to:—

1. Matriculated students of the University who
 - (a) Have passed the Intermediate Examination in Arts with Geography or the Intermediate Examination in Economics,
 - or (b) Can produce evidence of sufficient knowledge of Geography to profit by the course.
2. Graduates of other Universities who can produce evidence of sufficient knowledge of Geography to profit by the course.
3. Non-matriculated students who have satisfied the conditions for registration, or for provisional registration, laid down by the Teachers' Registration Council, provided that they can produce evidence of a sufficient knowledge of Geography to profit by the course.

Students are required to attend an approved course of study of not less than 180 hours' continuous study.

The subjects of Examination are:—

No. of Subject.	Subject.	No. of Papers.	Ref. No. of course in Calendar, covering each subject of examination.
I.	The physical basis of Geography, including the Elements of Physical Geography, Geomorphology and Meteorology.	1 and pract.	At King's College

A minimum standard of attainment will be fixed in each of the three subjects, but candidates will be required to have reached a higher standard in not less than two of the subjects.

VI.—CERTIFICATE.

IN

SOCIAL SCIENCE AND ADMINISTRATION.

A Certificate is awarded to Students in the DEPARTMENT OF SOCIAL SCIENCE AND ADMINISTRATION.

The Department of Social Science and Administration (Ratan Tata Foundation) is intended for those who wish to prepare themselves to engage in the many forms of social and charitable effort.

While the lectures are open on payment of the fees to all who wish to attend them, candidates for the certificate in the Department give their whole time to the work for one or two sessions, during which they are under the guidance and direction of a special staff of supervising tutors. The course includes both practical and theoretical work, about half the time being devoted to each. In their practical work the students are placed under experienced administrators in all parts of London, and thus obtain some knowledge of the conditions of life in a great industrial centre, and of the various methods of social effort, alike in the administration of charitable resources and in the work of Municipal or State Departments. For full particulars see the special pamphlet published by the Department. The advanced students are also enabled to take part in certain branches of social research.

By these means the students acquire first-hand experience of the difficulties to be dealt with and of the different ways in which effort is now directed to meeting them. In their theoretical work the students obtain, through lectures, classes, reading and individual tuition, a knowledge of the relation of present conditions

and efforts to the past history of industrial and social life and to the generalisations of Economic Science and Sociology. It is necessary that students desiring to take the full course should possess a good general education.

There is no fixed age which students must have reached before entering upon the course ; but it is generally inadvisable for anyone to begin the work before 21.

A certificate is granted, after examination, **on the work done during the course**

For full particulars see special pamphlet issued by the Department, which may be obtained on application to the Secretary, London School of Economics and Political Science, Houghton Street, Aldwych, W.C.2

HIGHER CIVIL SERVICE APPOINTMENTS

Under the new scheme introduced in 1920 there is now a single competitive examination for practically all the different branches of the Higher Civil Service, including the Home Civil Service (Junior Grade of the Administrative Class, formerly known as Class I. Clerkships), the Foreign Office and Diplomatic Service, the Indian Civil Service, Student Interpreterships in the Far East, Eastern Cadetships, the Levant Consular Service, and the General Consular Service. This examination is held in August each year, the first under the new regulations took place in 1921.

The choice of subjects for the examination is so wide that candidates have every opportunity to satisfy their special bent, while taking into account the special requirements of the kind of posts they have in view.

Moreover, the subjects for the examination may be selected in such a way as to allow the ordinary preparation for a first London Degree in Arts, Science, Economics, Commerce or Laws to form the major part of the preparation for the Civil Service Examination.

In particular, those who propose to select their optional subjects (Section B) for the Civil Service Examination mainly under the heads of History, Economics, Politics, Law, Philosophy, or Geography will find that by taking the degree of Bachelor of Science in Economics, Bachelor of Commerce, or Bachelor of Laws, as students of the London School of Economics and Political Science, they will have nearly covered the ground required. The normal time for these Degree Courses is three Sessions, and students should then, as a rule, devote one more session, making four sessions in all, to a Civil Service course in order to complete their preparation.

Special arrangements can, however, be made to suit special cases. Thus exceptional students may find it possible to compete with some hope of success on their degree course alone. Others, particularly those who have already graduated elsewhere, may confine themselves to one or more sessions of special preparation in London for the Civil Service examination.

Candidates must bear in mind that the examination is competitive, and that the posts to be obtained offer great attractions, in respect of interesting work, good pay and pension, and opportunities for public service. Good natural abilities backed by an adequate special training are essential for success in the examination.

The subjects of examination and marks allotted to each are set out below, with notes as to age limits and special conditions in particular branches of the service. Those subjects which can with advantage be taken by students of the School of Economics, because courses for them are given at the School or are included in the curriculum of degrees for which students may register at the School, are shown in heavy type.

The bracketed numbers following the names of lecturers in the last column are the Reference Numbers of the School courses which

deal in whole or in part with the various subjects. Under the intercollegiate system arrangements can be made for students to take other subjects or attend other courses in the University, whether named in the table or not, on payment of special fees.

The Sessional Composition Fee, covering all courses given at the School itself and advice on studies, is £22 1s. For courses elsewhere, additional fees will be charged under the intercollegiate system.

Intending candidates should communicate with the Secretary, who will inform them of the times at which they may consult the Adviser of Civil Service Studies as to choice of subjects and courses.

A Candidate desiring to offer any of the Subjects 48-60 or Subject 65 must produce evidence satisfactory to the Commissioners of Laboratory training in an institution of University rank. For (46) Astronomy, (47) Statistics, (61) Geography, (62) Physical Anthropology, etc., and (64) Agriculture, other equivalent training will be required. There will be no laboratory test as a part of the examination.

Extra Numerum Subject.—Candidates may take, in addition to the above, one of the translation papers of Section A, in a language not already taken by them in either section, not more than one of the Scandinavian languages, nor more than one of the three, Spanish, Italian, Portuguese, being offered by the same Candidate either in Section A or *extra numerum*; for this 100 marks will be awarded, not

included in the 800 of Section A, or the 1,000 of Section B. Instead of a translation paper Candidates may also take as *extra numerum* subject either of the subjects 62 and 63.*

In addition to taking one of the subjects 62 and 63 as *extra numerum*, Candidates whose mother tongue is an Indian language may take the other of these subjects in place of subject 5.*

From the marks assigned to Candidates in each subject such deduction will be made as the Civil Service Commissioners may deem necessary in order to secure that no credit be allowed for merely superficial knowledge.

Moreover, if a Candidate's handwriting is not easily legible a further deduction will, on that account, be made from the total marks otherwise accruing to him.†

Application for permission to attend one of these Examinations must be made in the writing of the Candidate, at such times and in such manner as may be fixed by the Commissioners.

A fee of £8 will be required from every Candidate attending an examination.

AGE LIMITS AND SPECIAL CONDITIONS.

(a) **Indian Civil Service.** In 1924, 21 to 24 years ; in and after 1925, 21 to 23 years.

Successful candidates, before proceeding to India, will remain in England for two probationary years during which they will study subjects necessary to their future work.

(b) **Home Civil Service and Eastern Cadetships.** 22 to 24 years.

(c) **General and Levant Consular Service and Student Interpreterships in the Far East.** 21 to 24 years.

Candidates must appear before a Board of Selection on the *second Tuesday in May at 3 p.m.* This may be done in any year after they have attained the age of 19.

In the General Competitive Examination Candidates will be required to take Subject 11 (French) and to reach a high standard therein. A Candidate who fails to

* This applies only to Candidates for the Indian Civil Service and the Eastern Cadetships.

† It is notified for general information that the number of marks deducted for bad handwriting may be considerable.

reach this standard will be disqualified; 250 marks, instead of 200, will be given for this subject, thus raising the total maximum in Section B to 1,050.

(d) **The Foreign Office and Diplomatic Service.** 22 to 25 years.

Candidates must appear before a Board of Selection on the *first Tuesday in May at 3 p.m.* This may be done in any year after they have attained the age of 19.

In the General Competitive Examination Candidates must take Subjects 11 (French), 13 (German), and 28 (European History, Period 3), and must reach a high standard in Subjects 11 and 13 (about 50 per cent. in French and 40 per cent. in German); 250 marks, instead of 200, will be given for each of these two subjects, thus raising the total maximum in Section B to 1,100.

RESEARCH STUDENTS.

The London School of Economics and Political Science has become one of the largest centres of "post-graduate" study in the United Kingdom. Some of the most important work of the School is done in the Research Department. The work of the Department is carried on by means of (i) individual supervision of students, (ii) Seminars or Special Classes, and (iii) the Library. The lectures at the School likely to be useful to students are pointed out to them. The method of utilising the British Museum, the Public Record Office, and other great libraries and collections of material is explained. Brief bibliographies are supplied, and the main sources are indicated from which such bibliographies may be supplemented and extended. The manner in which students collect their material and the use they make of it are criticised, and points arising out of their researches are discussed. Wherever suitable, arrangements are made for enabling students to come into contact with contemporary social and economic organisation, public and private, in London and elsewhere. One of the most valuable means of training research students is to be found in the Library, which contains ordinary textbooks and works of reference; official documents issued by the British and other Governments; a unique collection of the official documents issued by the various local authorities of the United Kingdom and other countries; tracts and pamphlets, and several special collections of material for investigation and research. Research students (who are not required to be graduates) may join at any time, and for any period.

The Statistical Room, containing current statistical publications and part of the General Library, together with machines for aiding calculation, is open to students for research and reading, in consultation with the statistical staff.

Graduates from other Universities desiring to work for a higher Degree of the University of London under Statute 113, are referred to the Section on Higher Degrees, pp. 172-186. [For fees, see p. 23.]

Graduates of London University proceeding to a Higher Degree in the same Faculty (*except in the case of the Ph.D.*), and persons conducting research without desiring to proceed to any degree, can obtain the facilities of the Research Department, including admission to the necessary seminars, on payment of the Research fee of £5 5s.

The University of London has established an Institute of Historical Research in Malet Street, Bloomsbury, W.C.1, the object of which is to train students in the methods of historical research and in the use of archives. A number of seminars by teachers of the University and its Colleges will be given at the Institute. Research students of the School will be entitled to use the Institute and to attend these seminars, on the following conditions:

(1) Research students registered at the School who have paid any of the composition fees will be entitled to use the Institute and to attend such seminars as their supervising teachers may recommend, without additional payment.

(2) Research students who have paid the research fee of five guineas will be entitled to attend *one* seminar, either at the School or at the Institute, without additional payment. But in the event of their desiring to attend a seminar both at the School and at the Institute, they will be required to pay to the School authorities an additional fee of £2 12s. 6d. per session.

RATAN TATA FOUNDATION.

By a grant from Execution of the estate of the late Sir Ratan Tata funds are available from time to time for research into problems connected with the life and labour of the working class. These researches are conducted in connection with the Department of Social Science and Administration and are supervised by a special committee (consisting of Sir William Beveridge, Director of the School, Mr. C. M. Lloyd, Head of the Social Science Department, Professor Webb, Professor Urwick, Mr. Tawney and Mr. Mallon, Warden of Toynbee Hall), which has at its disposal for this purpose a revenue derived from the Ratan Tata Benefaction. The results are published generally in the form of monographs or reports. In the session 1922-23 Miss Dorothy Sells, B.A., completed a report on the working of the Trade Boards Acts (published in the School Series as "The British Trade Boards system"), and investigations were also begun into the conditions of dock and riverside employment and into the working of the free place and scholarship system.

THE ECONOMIC CLUB.

The Economic Club, founded in 1890, now meets at the School for reading and discussion of papers on the second Tuesday in each month at 8 p.m. The meeting is usually preceded by a dinner in the Refectory at 7 p.m. The President of the Club for the session 1923-24 is Sir William Beveridge (Director of the School), and the Honorary Secretary is Mrs. J. St. H. Lander, 14, Harley Gardens, The Boltons, S.W.10. Information as to the Club may also be obtained from Mr. E. L. Litton, London School of Economics. The Club is managed by a Committee which is empowered to elect members, such members being persons who "can furnish satisfactory evidence of economic training."

RESEARCH STUDENTS' ASSOCIATION.

A Research Students' Association, consisting of students undertaking post graduate research, either for higher degrees or otherwise at the School, has been formed and meets regularly, for social and

discussion purposes. Information as to the Association can be obtained from the Secretary, Mr. Maurice H. Dobb, or from Mr. L. G. Robinson, at the School.

"ECONOMICA."

At the beginning of the session 1920-21 it was decided to start the publication of a new Journal of Studies, to which the title of "Economica" was given, which should embody the results of original research by members of the School staff, past and present students of the School, and any articles of interest which might be submitted by other persons. The Journal is under the supervision of an editorial board consisting of Sir William Beveridge, Dr. Hugh Dalton and Mr. H. J. Laski, with Mrs. E. M. Burns as assistant editor. The Publishers of "Economica" are Messrs. Fisher Unwin. The Journal appears three times a year, each number consisting of some 100 pages. The price is 2/6 per number, or 1/6 per annum post free.

Annual subscriptions should be sent to the publishers; all editorial communications should be addressed to the School.

LONDON AND CAMBRIDGE ECONOMIC SERVICE.

The "London and Cambridge Economic Service" was established in the Autumn of 1922 by co-operation between the School, the University of Cambridge and Harvard University (U.S.A.). The service is similar to that established in 1919 by the Harvard University Committee on Economic Research, consisting of (1) a monthly bulletin of statistical tables, charts and interpretative comment dealing with the current financial and industrial position, as a basis from which forecasts of future developments may become possible, (2) periodical or occasional memoranda on special subjects, such as the volume and movements of foreign trade, the course of foreign exchanges and the condition of the money market. The bulletin includes a summary of some of the principal figures relating to the United States (from the Harvard service) and statistics as to foreign countries. These documents are copyright and issued to subscribers only; the subscription has for the present been fixed at £6 a year. The first bulletin was issued in January, 1923. The service is controlled by an Executive Committee constituted as follows: Sir William H. Beveridge (Chairman) and Professor A. L. Bowley (School of Economics), Messrs. J. M. Keynes and D. H. Robertson (Cambridge University), Sir Charles Addis, K.C.M.G. (Hon. Treasurer), Mr. H. J. Spratt (Central Council for Economic Information), and Mr. C. Tennyson (Federation of British Industries). Communications should be addressed to the Secretary, London and Cambridge Economic Service, at the London School of Economics.

THE BRITISH LIBRARY OF POLITICAL SCIENCE.

The library was established by public subscription in 1896, for the free use of persons engaged in public administration, national and municipal, and of students of economics and political science.

It comprises some 600,000 items, including :—

(a) General works of reference, British and foreign.

(b) Standard works, British and foreign, on economics and political science, including commerce and industry.

(c) A bibliographical section. This contains the catalogues of a large number of libraries (both general and special), readers' guides, general and subject bibliographies and reading lists; also a large number of special bibliographies and lists of references prepared by the lecturers, library staff and students of the school. These are being constantly added to.

(d) A collection of about 250,000 pamphlets and similar materials for research, all classified in accordance with the scheme given on pp. 199-204.

(e) British parliamentary publications (blue books) from the end of the eighteenth century to date. These are not quite complete, the principal lacunæ being between 1865 and 1896.

(f) The official reports, bearing on administrative, constitutional and economic questions, of foreign government departments, and British colonies. The library is greatly indebted to certain foreign governments for the manner in which they have presented practically complete sets of official documents not otherwise obtainable in the United Kingdom. The United States government has made it a library of deposit for congressional documents in London, and has presented a set of documents since 1873 as complete as it is possible to make it. The same course has been taken by the governments of Australia, Canada, India, and South Africa.

(g) Official reports on municipal administration presented by more than 300 municipalities in the United Kingdom, the British colonies and dependencies, France, Germany, Austria, Italy, Holland, Belgium, the United States, and other countries. No similar collection of municipal documents has been made in this or any other country.

(h) Other official papers, such as the reports of the North German Confederation and the German *Reichstag* from 1867.

(i) The Lords Commissioners of H.M. Treasury have presented copies of the *Chronicles* and *Memorials* and of the *Calendars of state papers* and other publications of the Stationery Office.

(k) Special collections of material illustrating particular subjects or groups of subjects. These special collections are unique, for they have invariably been made by experts. The most valuable and extensive of them consists of the materials collected by Mr. and Mrs. Sidney Webb for their *History of trade unionism and Industrial democracy*, and presented by them to the library. Professor

Borgeaud, of the University of Geneva, collected for the library an extensive set of documents illustrating the working of the Referendum and the Initiative in Switzerland. Professor Graham Wallas made a similar, but much more extensive, collection, illustrating certain political problems of the United States, and during 1898 Mr. and Mrs. Webb,* at the request of the library trustees, obtained, in addition to standard works, a large collection of official reports and documents, and other materials bearing upon public administration in the United States and the Australasian colonies. In 1909 an extensive collection of similar material relating to Canada was obtained by Mr. McKillop during a visit to the Dominion.

(l) Manuscript and other collections bequeathed to the library by the late Lord Farrer, Rev. Henry Solly, Mr. Charles Harrison and others.

(m) Special libraries which have been deposited with the London School of Economics for custody and administration—*i.e.*, the collections of the Edward Fry Library of International Law, the Child Study Society, the Royal Economic Society, the South-Eastern Union of Scientific Societies, and the World Conferences Library.

(n) Collections available for home reading by members, including those of the Students' Union (see p. 226) and Ratan Tata Department of Social Science.

(o) The Acworth transport collection, containing a large number of reports, textbooks, periodicals, etc., dealing with the administration and economics of railways, shipping, canals, roads, etc. This collection was begun out of funds given by the greater railway companies of this kingdom, and is constantly being added to. In 1910, Sir W. M. Acworth generously gave the greater part of his railway library, consisting of more than 5,000 items, to this collection, which is, in all probability, the most important library of transport literature in the United Kingdom.

(p) The Hutchinson collection of works in all languages for, against, and about socialism and allied questions. This collection has been acquired partly by gifts of books and other documents and partly by purchase from a fund provided by the trustees of the late Constance Hutchinson.

(q) There is also a fairly large collection of economic works in Japanese got together by Mr. Sidney Webb during his tour in the East, 1911.

(r) A large collection of books, pamphlets, periodicals, wholesale price lists, etc., relating to the tobacco industry of this country from the seventeenth century.

The classes of printed books ("treatises") arranged according to the library's general classification (see pp. 199-204), and available on open shelves, are now mainly disposed as follows:—

In the general reading room (No. 11), ground floor, old building: Classes *A* (Sociology); *B 00* to *B 21* (Economics); *E* (Law in general, other than International law and the "Law reports"); *F* (Mental science); *G* (Political science); *J* (Geography: a selection only); *L* (Bibliography). This reading room contains the general catalogue of the library, and dictionaries and encyclopædias.

In room 18, mezzanine floor; outside old building (the history reading room): Classes *H* (History), and *E 05* (International law, "Edward Fry" library); and also related works from other classes.

In room 35, first floor of new building (the commerce reading room): Classes *B 22* to *C 07* (Commerce, Finance and the "Acworth" Transport collection); and related works from other classes. The "Law reports" are also housed here.

In room 41, first floor of old building (the statistical library): Class *D* (Statistics); and related works from other classes. The volumes of the U.K. Censuses are placed here.

The main body of Class *J* (Geography) is stored in the geographical department, and special application must be made to consult it. Books in Class *K* (Social problems—"Hutchinson" collection) can only be obtained on application in the general reading room; where also enquiries respecting loan collection volumes must be made.

Readers have access to books on open shelves on condition that when done with the books are left on the table, or placed on the desk provided for that purpose.

In the gallery of the general reading room, and in the stores of the other parts of the building, books are arranged according to convenience. Readers have access to the gallery, but books not in the reading rooms or gallery can only be obtained from the superintendents by application on the proper voucher form. Readers requiring more than one volume from the inner library are invited to apply in advance, stating on the voucher the time when they will require the books.

In the main, most of the parliamentary and official publications of the various countries, the documents in the pamphlet collections, serial and periodical publications, and other miscellaneous "papers" can only be obtained on inquiry; and their catalogues are not all publicly displayed.

Readers are urged to consult the keepers of the various rooms when they cannot find works of which they are in need in the classes where such ought presumably to be looked for, and at all times when in need of such assistance as the library exists to provide; and to make complaints or recommendations in the recommendation book which will be found on the catalogue desk in the general reading room.

There is no subject catalogue of the library, but the making of one is under consideration and will be undertaken as soon as funds are available: the card catalogue in the drawers of the catalogue desk in the general reading room is arranged

- (a) for ordinary books issued by an author, under the author's surname;
- (b) for official reports under the name of the state, city, or other corporate body responsible for the publication. In the case of British and other parliamentary papers to which reasonably good catalogues are published, no entries will in general be found in the catalogue, but the necessary catalogues will be found in cases 454-458 in the general reading room.

For the convenience of readers, dictionaries and other more general works of reference are placed in cases 460-461, and bibliographical works (including indexes to official publications and the more important library catalogues) in cases 454-460, in the general reading room in each instance.

Pamphlets are classified in accordance with the scheme given on pages 199-204. A detailed scheme of the system and the author-catalogue of pamphlets may be inspected on application.

Students desiring information on a subject are recommended to consult the sheaf-catalogue of bibliographies, kept on the catalogue desk in the general reading room. All reading lists, bibliographies, lists of authorities, etc., separately published are catalogued therein. The entries are classified alphabetically.

With certain exceptions, volumes containing bibliographies of their own subject matter are not entered in this catalogue, as such are readily traceable on reference to the sections of the classification wherein they fall.

Special and detailed subject indexes to the Acworth, Hutchinson, Edward Fry and geography collections have been compiled and are kept with the respective collections. In addition special subject indexes have been made to all maps and charts in British parliamentary papers since 1850, to matter in these papers relating to Africa, and to the publications of English local government bodies. There is a separate catalogue of all periodical publications received, and the contents of the more important periodicals are regularly indexed as they arrive.

Readers should also consult Wilson's *Cumulative book index* (*United States catalog supplement*), *Readers' guide to periodical literature* and *International index to periodicals* (*Readers' guide supplement*); the *English catalogue of books*, and the *Subject index to periodicals* issued by the Library Association. These are all cumulative publications kept up to date.

The superintendents of the reading rooms will gladly explain the method of the catalogues of the library and of the various special catalogues of collections, but are especially forbidden to make out

vouchers for readers. Each single volume or run of volumes required by a reader, if not located in the reading rooms, requires a separate voucher.

Any reader desirous of having books retained for him for a space of not more than 48 hours should write his name at the end of a small slip (to be obtained of the superintendent), insert it in the top book of those retained, and draw the attention of the superintendent to the fact. This arrangement will not apply to books on the shelves of the reading rooms. Special tables are reserved for those actually using works in folio, and anyone may be required to move to another table to make room for a reader who requires a folio.

Readers desiring information as to the contents and facilities of other libraries in London are advised to consult the handbook issued in 1908 (new edition, 1910) by the University of London, entitled *The libraries of London: a guide for students*; by R. A. Rye.

RULES FOR THE LIBRARY.

1.—The library shall be open gratuitously for the purpose of study and research to—

- (a) Students for the time being of the London School of Economics and Political Science;
- (b) Persons engaged in any branch of public administration in the United Kingdom or any other country;
- (c) Professors and lecturers of any recognised university;
- (d) Such other persons as may from time to time be admitted by the Director, on the recommendation of any public officer, professor, lecturer, teacher, foreign ambassador, minister or consul, agent-general or other person of position.

2.—The reading rooms are open at 10 a.m. daily, except as provided in Rule 3, closing at the following times:—

During term: Daily, except Saturdays, at 9 p.m.; and on Saturdays at 1 p.m.

During vacation: Mondays, Wednesdays and Fridays, at 6 p.m. Tuesdays and Thursdays, at 9 p.m. (with exceptions) and on Saturdays at 1 p.m.

3.—The library is entirely closed on the following days:—On all Sundays; on the 1st January; on Good Friday and the five days next following; on Whit Monday; on the first fourteen days of August; on the 25th December and six days next following.

10.—Persons admitted to the reading rooms shall on their first visit sign their names in a book to be kept for that purpose, as evidence that they will conform to these rules.

Z.—MISCELLANEOUS.

STUDENTSHIPS, SCHOLARSHIPS, EXHIBITIONS AND BURSARIES.

Offered by the London School of Economics and Political Science.

One Research Studentship, known as the RATAN TATA STUDENTSHIP, of the value of £175, tenable for one or two years, will be awarded in December, 1923.

The holder of this studentship will be required to investigate and write a report on some contemporary problem connected with the life and labour of the working classes. The subject must be approved by the Director of the School and the student will be expected to devote his or her whole time to the work.

In the event of failure to complete the work or abandonment of a studentship before the end of the period for which it was granted, the candidate may be asked to refund part of the moneys already paid to him.

Candidates should apply to the Secretary, London School of Economics, Houghton Street, W.C.2, for a form of application, which should be completed and returned not later than November 15th, 1923.

One Scholarship of £50—in addition to remission of tuition fees }
Five Bursaries entitling to remission of tuition fees }

The Scholarship and the Bursaries are awarded as the result of a competitive examination to be held in June, 1924, at the School. They will only be awarded to students who can show that their financial circumstances render such assistance desirable. Successful candidates will be expected to proceed to a full course in preparation for a first degree (B.Sc.(Econ.), B. Com.; LL.B., or B.A.). In normal circumstances, the holder of the Scholarship will be expected to be a full-time day student. The award will be made for one year in the first instance, but will be renewable, subject to satisfactory work and conduct, for another two years.

Particulars as to conditions of entry, subjects of examination, and other details, can be obtained on application to the Secretary of the School after February 1st, 1924.

Entries will close on May 15th, 1924.

Six Exhibitions, tenable at the School, are awarded to University Extension students on the recommendation of the University Extension Board; the exhibitor to be elected, in the first instance, for one year, but to be re-eligible, on certain conditions, for a second and third year. These Exhibitions will cover the School fees for the course taken.

Further information may be obtained from the Registrar of the University Extension Board, University of London, South Kensington, S.W.7.

One Exhibition, tenable at the School, is awarded on the recommendation of the Society of Arts: the exhibitor to be elected, in the first instance, for one year, but to be re-eligible, on certain conditions, for a second and third year. This Exhibition will cover the school fees for the course taken, and includes an allowance of £2 for books.

Further information may be obtained from the Secretary of the Society of Arts, John Street, Adelphi, W.C.

One Exhibition, tenable at the School, is awarded annually to a student of the City of London College Day School, on the recommendation of the Headmaster. The Exhibitor must have passed the London Matriculation Examination.

Ten Free Places at the School, tenable for three years, are awarded annually by the London County Council.

N.B.—Students, over 18 or 19, who intend to become teachers, may, under certain circumstances, obtain free admission to the School, in connection with their studies at the London Day Training College.

Offered through the University of London and open to students of the London School of Economics and Political Science.

The Gerstenberg Scholarship of £50 tenable for one year, open, without limit of age, to candidates who have passed the intermediate examination in this or the previous year.

This Scholarship is awarded on the results of the Scholarships examination in July. Entry closes on 1st June.

One Mitchell Studentship of £100, awarded without examination, to enable the student possessing the necessary City qualifications to study and investigate some definite feature of business or industrial organisation, at home or abroad.

Cassel Travelling Scholarships in Commerce.

Four Travelling Scholarships of the value of £200 to £300 per annum, according to circumstances, tenable for one year only, will be awarded to candidates who have passed Part I. of the Final Examination in Commerce.

An intending candidate should make application in a letter accompanying the form of entry for Part I. of the Final Examination, and should at the same time name the country or countries to which he desires to proceed, if successful. The holder of a Cassel Scholarship will be required to pursue in the country or countries to which he may proceed a course of study in preparation for Part II. of the Final Examination, and to enter for that Examination within two years of the award of the Scholarship.

For further particulars apply to the External Registrar of the University of London.

Stern Scholarship in Commerce.

A Scholarship, of the value of £100, will be awarded on the results of the Intermediate Examination and of Part I. of the

Final Examination in Commerce. £50 is payable when the Scholarship is awarded, and £50 when the holder has passed Part I. of the Final Examination.

For further particulars apply to the External Registrar of the University of London.

The Vintners' Scholarships in Commerce. Two travelling Scholarships of the value of £150 each are awarded annually by the Worshipful Company of Vintners to men who desire to study for the Degree in Commerce of the University of London.

Competition for these Scholarships is open to approved British subjects who intend to study for the Degree, provided that before the same are respectively awarded to them they shall satisfy the Court of Assistants of the said Company that they intend in *bona-fide* to study the cultivation of the vine and the production of wine in all its various branches, in connection with the carrying on of the wine trade business in the City of London or elsewhere, under and subject to such conditions as the said Court of Assistants shall from time to time approve.

The Scholarships are awarded upon the results of the Intermediate Examination of the University of London, held in June, or if not awarded at that Examination, then at the Examination held in November in each year. Intending Candidates must notify the Clerk of the said Company on or before April 1st or September 1st, as the case may be, that they have duly entered for the examination and that they desire to become Candidates for the Scholarships; and they must furnish such further information as the Court of Assistants may from time to time require.

Cutlers' Company Scholarships.

Two scholarships of the value of £90 a year tenable for two years, or for such shorter period as the holders may require, will be awarded by the Worshipful Company of Cutlers in July, 1924. They will be open to young men of British nationality who intend to adopt a commercial, engineering or metallurgical career, and who propose to pursue the study of some foreign language in France, Spain or such other country as may be approved by the Cutlers' Company.

Candidates must have passed Part I. of the Final Examination in Commerce in the current session, and must (unless granted special exemption under Statute 126) undertake to enter for Part II. of the Final Examination within three years of the award.

Any Candidate to whom a Scholarship is awarded will be permitted to work with an approved business house during his tenure of the Scholarship.

Candidates who desire to compete for the Cutlers' Company Scholarships must apply for a special form of application to be returned to the University with his form of entry for Part I. of the Final Examination in Commerce, accompanied by a letter of application in the Candidate's own handwriting.

Two St. Dunstan's Exhibitions for women, of £60 a year, tenable for three years.

Two Loch Exhibitions of the value of £24 each, founded by an endowment of £1,000 by a private benefactor in memory of the late Sir C. S. Loch, of the Charity Organisation Society, are awarded annually.

Holders of the Exhibitions must pursue the ordinary course of study (known as the Certificate course) in the Department of Social Science and Administration at the London School of Economics and Political Science; and if a further year's tenure is granted, a further course in the same department.

The Exhibitions will be awarded in the first instance for a period of one year, but the tenure may be extended to a second year by the University on the recommendation of the School.

Applications for the Exhibitions accompanied by the names of three references and the evidence required under the terms of the Regulations, must reach the Secretary of the London School of Economics not later than 15th May. Testimonials are not required.

Candidates must produce evidence that they will have attained the age of 19 years on the first of October in the year of the award, and must satisfy the Committee as to their need of financial assistance to follow the course of study prescribed.

Instalments of the emoluments of the Exhibitions will be paid terminally on receipt of satisfactory reports as to the progress of the holder.

MEDALS AND PRIZES.

The Hutchinson Silver Medal is awarded annually to a student of the School for excellence of work done in research.

Two Gladstone Memorial Prizes.—

The Trustees of the Gladstone Liberal Memorial Trust offer a prize of Five Pounds to be given annually in books to the student of the London School of Economics and Political Science who at the School's Special Internal Intermediate Examination for the degree of B.Sc. in the Faculty of Economics and Political Science shall have obtained the best aggregate marks for the papers in Economics and the British Constitution.

The Trustees also offer an annual prize of books to the value of £10 for proficiency in History, Political Science, and Economics, to be awarded on the result of the Final Examination for the degree of B.Sc. (Econ.).

The Brunel Silver Medal is awarded to students in the Railway Department who, in not more than four years, have obtained three first-class passes in examinations held in connection with courses approved for the purpose. These examinations must be in three *different* subjects.

Two Rosebery Prizes, one of £25 and one of £10, will be awarded in 1923 for the two best monographs embodying original research presented in the department of railway transport. (*For further details, see special Railway pamphlet.*)

The William Farr Medal.

Through the generosity of Mr. W. J. H. Whittall a medal and prize of books will be offered annually in memory of Dr. William Farr, C.B., F.R.S.

It will be awarded to the student who makes the best performance in the papers for Honours in Statistics at the Final B.Sc. (Econ.) examination, the award being restricted to registered students of the School whose course of study has been pursued as Internal Students of London University.

The Hugh Lewis Prize.

A Prize of 21 guineas will be offered annually until further notice by Mr. Hugh Lewis for the best essay written on a selected subject by a student of the School. No conditions will be attached as to the manner of expending the prize money, and a certificate will also be given as a permanent record for the prizewinner.

Candidates must be students of the School, whether day or evening, registered as internal students of the University studying for a first degree. They must have passed their Intermediate Examination not more than two years before the date fixed for sending in essays, which will, as a rule, be 1st February of each year, and must be proceeding to their Final.

Essays for the competition of 1923-24 should be submitted to the Director by 1st February, 1924, and are required to be on one of the following three subjects :—

- (1) The best future currency policy for Great Britain.
- (2) The relative economic importance to Britain of the British Empire and the rest of the world.
- (3) Methods of promoting Industrial Peace.

Essays should be sent in under an assumed name, accompanied by the real name in a sealed envelope bearing the assumed name.

APPOINTMENTS.

UNIVERSITY OF LONDON COMMERCE DEGREE BUREAU AND APPOINTMENTS BOARD.

Students of the London School of Economics who are eligible are invited to make use of the facilities offered by the University Appointments Board, which assists Graduates and Students proceeding to their Final Degree Examination, to obtain appointments of all kinds. The registration fee covering regular notification of posts and other individual assistance is 5/- for one year, and no other charge is made. The registration may be renewed after the first year on payment of 5/- per annum. The Register is open alike to men and women.

By arrangement with the Senate, the work of the Appointments Board is now amalgamated with that of the University Commerce Degree Bureau, but the Appointments Board continues to be open to graduates and degree students in all Faculties and deals with all classes of openings. In addition to the work of obtaining definite appointments for London graduates, the Board aims at providing students with up-to-date information concerning the various careers open to them, including all Civil Service and business appointments at home and abroad; and there is a selected library of vocational literature at 46, Russell Square. Students of the School of Economics are at liberty to make use of these information facilities by calling at the Bureau, if notice is given.

Special co-operation is maintained between the Bureau and the staff of the School of Economics in assisting students to obtain employment, and those who desire advice or assistance should, in the first place, consult Mr. Drummond Smith at the School, and then arrange for an interview with the Secretary of the Bureau.

The educational side of the work of the Bureau is now organised, and Advisers of Study have been appointed with the object of guiding and assisting the studies of External Students preparing for the Commerce Degree Examinations, who are prevented by residential or other reasons from attending approved courses of Study at recognised Colleges or Institutions. A series of Educational Pamphlets is issued by the Bureau and there is a Lending Library for the use of registered students.

The Prospectus and Supplement giving full information as to the work of the Bureau, on both the employment and the educational sides, is now being prepared for the Session 1923-24, and will be issued in October. Copies may then be obtained free on application to the Secretary of the Bureau.

THE STUDENTS' UNION.

The Students' Union was reorganised as from the beginning of the Session 1920-21, and this reorganisation was approved by the Council of Management of the School. Under its new constitution the Union includes all students of the School. In addition to organising debates, meetings, and general social activities, it provides a lending library, athletic sports (on a new ground of twenty acres at Malden), and a regular journal (*The Clare Market Review*), and manages the Common Rooms placed at its disposal by the School authorities.

All regular students of the School (*i.e.*, those paying a composition fee) become automatically full members of the Union. Others become limited members only, but are able to obtain full privileges by additional voluntary subscriptions. The fees charged by the School include the Union subscription, and the total of these subscriptions is paid over by the School authorities to the Union. This subscription is now $7\frac{1}{2}$ per cent. of each fee paid, or deemed to be paid.

Details as to the Union activities, as well as its full constitution, are given below.

The Officers of the Students' Union for the Union year ending 28th November, 1923, are as follows:—

 - (i) Members of the Administrative and Teaching staffs of the School.

- (11) Past students who have been members of the Union for not less than one Session.

In such cases application for membership shall be made in writing to the Junior Treasurer, and the subscription for the current session (15s) or for the current Term (7s. 6d.) shall accompany each application.

- (6) LIFE MEMBERS shall be entitled to the privileges of (2), (3), (4) and (5) of Section I., and in addition, if students of the School, to (1) of Section I. They may also become entitled to the privileges of (6) of Section I. as provided in the Note to this Section.

Any person who has been a Member of the Union for not less than three sessions may become a Life Member on payment of a single subscription of £5 5s. Application for life membership shall be made in writing to the Junior Treasurer, and shall be accompanied by the subscription for life membership.

NOTE.—Limited Members and Life Members may become entitled to the privileges of (4), (5), or (6) of Section I., as required, on payment of a further subscription or subscriptions. The amount of such subscription or subscriptions shall be fixed from time to time by the Executive Committee.

In the case of Limited Members, the total amount of the subscriptions received by the Union in respect of any member shall not exceed the sum of 35s. per session.

Section III.—POWER TO LEVY.

The Executive Committee may:—

- (1) Levy and collect such fines as are provided for in Standing Orders.
- (2) Authorise the imposition and collection of such charges as may be prescribed in Standing Orders from time to time.

Section IV.—VOTING.

- (1) All members are eligible to vote on general Union business except in the case of Executive Committee elections, when only those who were members of the Union during the term previous to that in which the election is held shall be entitled to vote
- (2) All decisions of the Union shall be by simple majority, except in the case of elections to the Executive Committee, as provided for in Section VII. (2) (c) and except in the case of amendments to the Constitution, as provided for in Section XII.

Section V.—MANAGEMENT BY AN EXECUTIVE COMMITTEE.

- (1) The affairs of the Union shall be managed by an Executive Committee which may delegate powers to Standing Sub-Committees or to other sub-committees, but at least one member of the Executive Committee shall sit on each Standing Sub-Committee. Standing Sub-Committees, and such other sub-committees as the Executive Committee may determine, shall be governed by Standing Orders.
- (2) THE EXECUTIVE COMMITTEE.
 - (a) The Executive Committee, except the Senior Treasurer and Junior Treasurer, as provided for in (3) (c) of this Section, and except two Members elected, as provided for in (4) (b) of this Section, and except

Co-opted Advisory Members, as provided for in (5) of this Section, shall be elected annually at the Annual Meeting.

- (b) The Executive Committee shall consist of :—
 - (i.) The Executive Officers of the Union.
 - (ii.) Members elected under (4) of this Section.
 - (iii.) Advisory Members co-opted under (5) of this Section.
- (c) Except by express resolution of the Union, no member of the Executive Committee shall be a member of that Committee for more than four consecutive years
- (d) The Executive Officers and at least six elected members of the Executive Committee shall be students of the School during the session in which the elections are held.
- (e) At least six members, other than Co-opted Advisory Members of the Executive Committee, shall be men and at least six shall be women.

(3) THE EXECUTIVE OFFICERS.

- (a) The Executive Officers shall be a President, a Vice-President, a Senior Treasurer, a Junior Treasurer, and two Secretaries, of whom one shall be a man and the other a woman.
- (b) The Elected Executive Officers shall hold office until the Annual Meeting subsequent to their election. Except by express resolution of the Union, the Executive Officers who have held office for a full Union year shall not be eligible for immediate re-election or re-appointment to their respective offices.
- (c) The Senior Treasurer and the Junior Treasurer shall be appointed by the Executive Committee as soon as possible after the Annual Meeting, subject to confirmation at the next meeting of the Union.
- (d) In the temporary absence of an Executive Officer the Executive Committee may appoint a deputy to fill such temporary vacancy, but such deputy shall be an elected or appointed member of the Executive Committee

(4) THE ELECTED MEMBERS shall be —

- (a) Ten elected at the Annual Meeting.
- (b) Four, who shall be first year students, elected at the second meeting of the Lent Term following the Annual Meeting.

(5) THE CO-OPTED ADVISORY MEMBERS.

The Executive Committee may co-opt members for any special purpose, but such members shall not have power to vote at meetings of the Executive Committee.

(6) CASUAL VACANCIES.

- (a) Any casual vacancy on the elected Executive Committee shall be filled within four School weeks of its occurrence by election at an Ordinary Meeting of the Union.
- (b) Notice of the vacancy shall be posted at least fourteen days before the election. The names of candidates, and of their proposers and seconders, shall be received in writing by the Secretaries not less than seven days before the election, and shall be posted by them at least three clear days (excluding Saturday and Sunday) before the election.

The procedure at the election shall be the same as that at elections at the Annual Meeting.

(7) MEETINGS OF THE EXECUTIVE COMMITTEE.

- (a) The Executive Committee shall meet not less than three times in each term.
- (b) The meetings shall be summoned by the Secretaries or by the President, or in the absence of the President, by the Vice-President

Section VIII.—FINANCE.

- (1) The Financial Year of the Union shall end with the last day of the Summer Vacation
- (2) The Senior Treasurer shall have power to operate on the Bank Account of the Union, subject to the limitations of (3) and (4) of this Section.
- (3) All Cheques shall be signed by the Senior Treasurer, and by the President or failing him the Vice-President.
- (4) No payment shall be made from the funds of the Union unless a specific resolution of the Executive Committee has been passed permitting it, except
 - (a) Payment from Petty Cash Accounts authorised by the Executive Committee.
 - (b) Payments from funds voted by the Executive Committee for actual disbursement by a sub-committee, for purposes specified by the Executive Committee.
- (5) Persons authorised by the Executive Committee to make Petty Cash payments shall keep Petty Cash Accounts, which shall be submitted by them to each meeting of the committee or sub-committee to which such accounts belong. If in order, such accounts shall be signed by the Chairman of the Committee or sub-committee. No single payment from a Petty Cash Account shall exceed £1.
- (6) All money received by persons authorised by the Executive Committee to receive money on behalf of the Union, other than funds granted to them by the Executive Committee, shall be handed over to the Senior Treasurer within three clear days of receipt, unless express permission to retain such moneys for a longer period has been granted by the Executive Committee.

- (7) (a) Two Auditors shall be appointed, one by the Executive Committee, and the other by the School Authorities, but each party shall be only responsible for payments to its own auditor.
- (b) The Auditors shall not be members of any committee or sub-committee of the Union.
- (c) The Auditors shall once a term audit the General Accounts of the Union, and also the accounts of all sub-committees, and shall certify the balance on each account.
- (d) All Auditors' Reports shall be submitted both to the Executive Committee, and to the School Authorities.

Section IX.—TRUSTEE.

The London School of Economics and Political Science (Incorporated) shall be the TRUSTEE of the Students' Union.

Section X.—ATHLETICS.

- (1) (a) THE ATHLETIC ACTIVITIES OF THE UNION shall be controlled and administered by the Athletic Union, who shall have power to deal with all matters relating to athletics, excepting
 - (i) The leasing and/or purchase and/or disposal of freehold or leasehold property.
 - (ii) The incurring of liability in respect of capital expenditure, excepting such expenditure as is met out of the revenue of the current year.
 - (iii) The disposal of capital assets, excepting such as are met out of the revenue of any single year.
 - (iv) The suspension or expulsion of members of the A.U. for offences connected with athletics.

In such excepted matters the A.U. shall from time to time forward to the Union Executive Committee such recommendations as the A.U. may deem appropriate; and no decisions on these matters shall be taken by the Union Executive Committee without previously consulting the A.U.
- (b) Property and/or capital assets, as provided for in (1) (a) (i.) and (1) (a) (ii.) of this Section, shall be held where necessary by the Union Trustees, but shall be administered by the A.U. in the interests of Union Athletics, subject to such conditions as the Union Executive Committee may from time to time determine.
- (c) Charges for depreciation of capital assets and other charges against revenue in respect of capital assets or loans undertaken for athletics, shall be agreed by the Finance Sub-Committees of the Union Executive Committee and the A.U. in joint meeting.

(2) MEMBERSHIP OF A.U.

Union members entitled to the objects of Section I (6), as provided for in Section II (4), (5), (6), shall become members of the A.U. on registration with the A.U. for any Club or Section of the A.U.

(3) VOTING POWERS IN THE A.U.

All members of the A.U. are eligible to vote on general A.U. business, except in the case of A.U. Executive Committee Elections, when only those who were members of the A.U. during the term previous to that in which the election is held shall be entitled to vote.

(4) APPEAL OF A SECTION OF THE A.U.

Where a Section has made application for recognition as a Club, and

where the A U. Executive Committee has decided against such recognition, the Section concerned shall have the right of appeal to an Appeal Committee, as provided for in Section VI (6), (7)

(5) MEETINGS OF THE A U

The meetings of the A.U. shall be

- A Annual Meeting.
- A Business Meeting
- Special Meetings

(6) FINANCE OF THE A U.

- (a) The Financial Year of the A.U. shall be the same as that of the Students' Union.
- (b) The Treasurer of the A.U. shall have power to operate on the bank account of the A.U., subject to the limitations of (6) (c) and (6) (d) of this Section.
- (c) All cheques shall be signed by the Treasurer of the A U. and by the President of the A U., or failing him, the Secretary of the A U.
- (d) No payment shall be made from the Funds of the A U unless a specific resolution of the A.U. Executive Committee has been passed permitting it, except
 - (i.) Payment from Petty Cash Accounts authorised by the A.U. Executive Committee.
 - (ii) Payments from funds voted by the A U. Executive Committee for actual disbursement by a Club or Section, for purposes specified by the A U. Executive Committee.
- (e) Persons authorised by the A U. Executive Committee to incur petty Cash expenditure on behalf of Clubs or Sections shall keep Petty Cash Accounts, which shall be submitted by them to each Club or Section committee meeting to which such account belongs. If in order, such accounts shall be signed by the Chairman of the Club or Section committee, and forwarded to the A.U. Executive Committee for approval. No single payment from a Petty Cash Account shall exceed £1.
- (f) All money received by persons authorised by the A U. Executive Committee to receive money on behalf of the A.U. other than funds granted to them by the A U Executive Committee, shall be handed over to the Treasurer of the A.U. within three clear days of receipt, unless express permission to retain such money for a longer period has been granted by the A U Executive Committee

(7) RELATIONS BETWEEN EXECUTIVE COMMITTEE AND A U.

- (a) The A U shall have its own Bank Account.
- (b) The Minutes and Accounts of the A U shall be open for inspection by the Union Executive Committee
- (c) Subscriptions for the objects of Section I (6), as provided for in the Note to Section II, shall be paid into the Accounts of the Union.
- (d) The final decision as between the Union Executive Committee and the A U. in the allotment of Union income in the Budget or in supplementary Budgets of the A U., shall be with the Union Executive Committee, subject to the following procedure:—
 - (i) The Finance Sub-Committees of the Union Executive Committee and the A.U. shall in joint meeting agree upon the Budget of the A.U. for each year. Both Finance Sub-Committees shall have an equal number of members.

- (ii) Such Budget shall normally be a general Budget, but it shall show the division of the money budgeted as between Clubs, and/or as between Sections
- (iii) Such Budget shall be submitted to the Union Executive Committee and to the A. U. for approval. Failing approval by the Union Executive Committee and/or the A. U., the Budget shall be referred back to the joint meeting of the Finance Sub-Committees of the Union Executive Committee and the A. U.
- (iv.) If, after the Budget has been confirmed by the Union, any Club or Section is dissatisfied with the A. U. expenditure of the money budgeted to such Club or Section, such Club or Section may appeal to the joint meeting of the Finance Sub-Committees of the Union Executive Committee and the A. U.
- (v) Supplementary Budgets shall be subject to the same procedure as the Budget.
- (c) The accounts of the A. U. shall be audited as provided for in Section VIII (7).
- (f) The Annual Reports and Financial Statements of the A. U. shall be included in the corresponding Union Reports and Financial Statements
- (8) A. U. STANDING ORDERS.
Further organisation of the A. U. shall be as provided for in Standing Orders.

Section XI.—DEFINITIONS.

- (1) "Posted" shall mean posted on the Union notice-board at the School.
- (2) (a) "Days" shall be days within the School term, and shall include Saturday, and Sunday, and holidays within the term, except where otherwise stated.
- (b) "Clear days" shall be reckoned as periods of twenty-four hours.

Section XII.—ALTERATIONS IN CONSTITUTION AND STANDING ORDERS.

- (1) No alteration shall be made in this Constitution except at the Annual Meeting, or at a Special Meeting, and with the consent of two-thirds of those voting at such meetings.
- (2) Standing Orders may be altered at the discretion of the Executive Committee, but such alteration shall be subject to confirmation at the next meeting of the Union.

Section XIII.—STANDING ORDERS.

Any Standing Order, or part thereof, in conflict with the Constitution shall be null and void

UNIVERSITY OF LONDON UNION SOCIETY.

OFFICERS FOR THE SESSION 1923-24.

<i>President</i>	...	Mr. G. W. ODEY (U. C. L.)
<i>Vice-Presidents</i>	...	Mr. H. G. ANDERSON (Bart's) Miss J. LUSH (U. C. L.)
<i>Hon. Secretary</i>	...	Mr. F. E. A. MANNING (Northampton).
<i>Senior Treasurer</i>	...	Prof. G. B. JEFFERY.
<i>Hon. Asst. Secretary</i>	...	Miss M. HEAP (Bedford).
<i>Junior Treasurer</i>	...	Miss M. R. ROBINSON (King's).
<i>Librarian</i>	...	Miss F. CATTLEY (Bedford).

The University of London Union Society was established on February 4th, 1921, by the Resolution of a General Meeting of

Students of the University, which was held at King's College. On March 18th the Constitution was adopted, and shortly afterwards the Union Society received the official recognition of the Senate.

The general object underlying the foundation of the Union was a desire to promote a corporate spirit among the Students of the University.

All Matriculated Students who are pursuing a course of study for any higher examination of the University, Students taking full time courses at Colleges and Schools of the University, past Students, members of the Academic Staff and members of the Senate, are eligible for membership. The annual subscription is £1 1s., with an entrance fee of 10s. 6d.

A temporary building has been acquired on the Bloomsbury Site in Malet Street, and with the assistance of a grant of £400 from the Senate, and a number of other generous donations from private individuals, the Committee have already been enabled to furnish and equip more than half the number of rooms at their disposal, including a Debating Hall and General Lounge.

The Debating Hall, which seats 500, was in frequent use during the last session, and debates and other functions will be held here constantly throughout the present year.

Facilities are provided for members of the Union to meet at the Union at all times during the day, and to attend the various meetings held at the Union. The work of furnishing and improving the various rooms at the Union, which are as yet unoccupied, will proceed as fast as funds become available for this purpose.

In order to assist the work of the various University Societies, the Union is willing to make arrangements with these Societies to hold their meetings at the Union, and in this way to facilitate their work.

Arrangements have been made to supply teas and light refreshments, and it is hoped to give more extended facilities in this direction in the near future.

In order to assist the various Colleges of the University to keep in touch with each other, the Union publishes *Vincula*, a fortnightly journal of Student activities, and it is also responsible for a number of other useful publications, including the *University of London Union Magazine*, at present issued annually, and the *Diary*.

A copy of the Constitution and Annual Report, together with other information concerning the Union, may be obtained on application to the Honorary Secretary of the University of London Union Society, Mr. F. E. A. Manning, at the University Union, Malet Street, W.C.1.
